### *Orders and Notifications by the Government of India.*

The following notification, issued by the Government of India in the Home Department, published in the *Gazette of India*, dated the 26th August 1922, is republished for general information.

J. DONALD,  
*Chief Secretary to the Government of Bengal.*

### NOTIFICATION.

#### PUBLIC.

*Simla, the 22nd August 1922.*

No. F.-49.—The following rules for the appointment of Standing Committees of the Indian legislature are published for general information :

#### *Rules for Standing Committees.*

1. Under the orders of His Excellency the Governor General, Standing Committees composed of members of the Indian legislature shall be constituted to advise on the subjects mentioned below in the following Departments of the Government :—

- (i) The Home Department.
- (ii) The Department of Revenue and Agriculture.
- (iii) The Departments of Commerce and Industries.
- (iv) The Department of Education and Health.

2. The Chairman of each Committee will be the Member of the Governor General's Executive Council in charge of the Department to which the Committee is attached or an officer deputed by him to act as Chairman on his behalf ; and a Secretary or Deputy Secretary to the Government of India in the Department concerned will be Secretary to the Committee.

3. A Standing Committee will consist of five members of the Indian legislature, of whom two shall be members of the Council of State and three members of the Legislative Assembly. The members will be nominated by the Member in charge of the Department, with the approval of His Excellency the Governor General, from separate panels, consisting of such numbers of members, not less than ten nor more than fifteen, as His Excellency may direct. The panels will be elected by the two Chambers of the legislature for each Committee according to the principle of proportionate representation by means of a single transferable vote. The term of office of members of the Committee will be one year, and if they are summoned to attend a meeting at a time when the Indian legislature is not sitting, they will be entitled to receive the allowances admissible to them for attendance at meetings of the legislature.

4. The following subjects will be laid before the Standing Committees :—

- (i) All Bills introduced or proposed to be introduced by non-official members of the legislature, and legislative proposals which the Department concerned intends to undertake and on which the Member in charge of the Department desires the advice of the Committee.
- (ii) Reports of Committees and Commissions on which the Indian legislature is not adequately represented and on which the Member in charge of the Department desires the advice of the Committee.
- (iii) Major questions of general policy on which the Member in charge of the Department desires the advice of the Committee.
- (iv) Annual Reports.

Provided that—

- (i) in cases of urgency and for other reasons a reference to the Committee may be dispensed with by the Department concerned ;
- (ii) the following cases shall be excluded from the purview of the Committee :—
  - (a) cases concerning appointments ;
  - (b) all cases which the Member in charge of the Department concerned considers cannot be placed before the Committee consistently with the public interest.

5. The functions of the Standing Committees will be purely advisory and their proceedings will be strictly confidential. No press representatives will be allowed to attend any meeting of a Committee.

6. Meetings of the Standing Committees will be summoned by the Secretary at such times and as frequently as may be decided by the Member in charge of the Department. The agenda of each meeting will be drawn up and circulated by the Secretary together with a Memorandum explaining the nature of each item of business and copies of such papers as the Member in charge of the Department directs to be furnished to the Committee. Such papers will be returned by Members to the Secretary at the close of each meeting. The proceedings of the Committee will be confined to items of business entered in the agenda, and any request for further information will be dealt with under the orders of the Member in charge.

7. At a meeting of the Standing Committee the Secretary may be requested by the Member to explain each item of business. The Chairman will then invite a discussion and the Secretary will note on the departmental file the general opinion of the Committee.

8. The Committees established under these rules will be, in addition to the Standing Finance Committee, the Standing Committee for Emigration and the Central Advisory Council for Railways which have been established under other rules, and the procedure of which will continue to be governed by the rules under which they were constituted.

## Notice.

THE Bengal and Madras Service Family Pension  
Fund which is provisionally managed and assisted by  
Government has for its object the provision of monthly  
pensions for the maintenance of the widows and children  
of subscribers and is open, with certain exceptions, to  
all active and pensioned members of the Uncovenanted  
Service of Government (except those serving under the  
Government of Bombay), and to Local Fund servants  
earning pensions from Government. Some of the  
special features of the fund are—(1) that widowed  
daughters incapable of remarrying or children labouring  
under such mental or bodily infirmities as incapacitate  
them from earning their livelihood or preclude the  
possibility of marriage (in case of a daughter) are  
admitted to its benefits; and (2) that subscribers to the  
Widows' and Daughters' branches are entitled to a refund  
of 30 per cent. of the premia paid, should the nominees  
predecease them after five years of admission. The  
second quinquennial valuation of the fund has been  
completed by the Actuary to the Government of India  
and his report discloses very favourable results. For  
forms of application and rules of the Fund apply to  
the Accountant-General, Central Revenue, Imperial  
Secretariat Buildings, Calcutta.

#### RESOLUTION—No. 1836Mis.

THE solemnization and registration of marriages under the Muhammadan law is regulated by two short statutes, viz. :—

- (1) Act I (B. C.) of 1876—an Act to provide for the voluntary registration of Muhammadan marriages and divorces ;
- (2) Act XII of 1880—an Act for the appointment of persons to the office of Kazis.

A Muhammadan Kazi has an inherent right to celebrate a marriage or preside at a divorce, and the latter Act merely gives official recognition to this status, while authorizing

him to appoint or dismiss Naib Kazis. The question of popularizing the registration of Muhammadan marriages and divorces has for many years engaged the attention of the Government of Bengal. A committee examined this question in 1881 and advised Government that the time was not yet ripe for introducing any measure of compulsory registration. The matter was again considered in 1915-16 by the permanent Advisory Committee, which had been appointed to advise Government in connection with the appointment and dismissal of Mahamadan Registrars and generally in regard to the working of the two Acts referred to above. The committee again declined to advocate compulsory registration, but prepared a somewhat elaborate Bill for the consolidation of the two existing Acts, embodying some important changes in the present law. *Inter alia* they advocated the abolition of the post of Naib Kazi and the recognition of the form of divorce known as *talakbilyad*. They proposed to make the Moslem Registrars competent to register *kabinnamas* and *talaqnamas* which do not deal with immoveable property. They discussed at considerable length the continuance of the present system under which Mahamadan Registrars are permitted to accept gratuities in the performance of their office, and while not prepared to recommend the abolition of this system, they proposed that a fixed scale of fees for the remuneration of Mahamadan Registrars should be prescribed in the Bill. These proposals received the careful consideration of Government, whose decisions were set out in Resolution No. 1410T.—R., dated the 24th September 1917. It appeared that the number of registrations showed a tendency to increase, and from this point of view Government were of opinion that no sufficient case had been made out for new legislation, particularly in view of the definite cleavage of opinion in Muhammadan circles on these important questions. In order to supervise the proper working of the Act, an Inspector of Muhammadan Marriage Registrars was appointed, and a substantial increase was made in the number of official Kazis and Muhammadan Marriage Registrars.

2. The whole question has again been raised in the Legislative Council by two private Bills introduced by Shah Saiyid Emdadul Haq, M.L.C., for the amendment of the Kazis Act of 1880 and the Muhammadan Marriages and Divorces Registration Act I of 1876. His motion for the reference of the latter Bill to a Select Committee was lost, while the introduction of the former Bill has been postponed pending the sanction of the Government of India. Government are of opinion that if legislation is to be undertaken, it is desirable that it should be in the form of a comprehensive Bill consolidating the two existing Acts and that the important questions of principle which were discussed in 1881 and again in 1915-16 should be carefully re-examined to ascertain whether changes of a more comprehensive character than those proposed by Shah Saiyid Emdadul Haq, should be introduced. The Minister in charge of the Registration Department has accordingly decided to appoint a committee to advise Government—

- (1) whether new legislation is required ;
- (2) if so, whether a consolidating Bill should be framed, providing for the repeal of the two existing Acts ; and
- (3) if legislation of this kind is considered desirable, the nature of the provisions which should be included in the Bill.

The committee will be constituted as follows :—

- (1) The Hon'ble Khan Bahadur Aminul Islam, Inspector-General of Registration, Bengal (President).
- (2) Shah Saiyid Emdadul Haq, M.L.C.
- (3) Mr. Kazi Gholam Mohiuddin Faroqui, M.L.C.
- (4) Mr. Shaikh Mahboob Aley, M.L.C.
- (5) Nawabzada Khwaja Muhammad Afzal, Khan Bahadur, M.L.C.
- (6) Dr. A. Suhrawardy, M.L.C.
- (7) Khan Bahadur Khwaja Muhammad Azam, M.L.C.
- (8) Khan Bahadur Abdus Salam, M.L.C.
- (9) Mr. Saiyid Erfan Ali, M.L.C.
- (10) Dr. Hassan Suhrawardy, M.L.C.
- (11) Maulvi Muhammad Madassur Hussain, M.L.C.
- (12) Khan Bahadur Maulvi Wasimuddin Ahmed, M.L.C.
- (13) Maulvi Yaqinuddin Ahmed, M.L.C.
- (14) Maulvi Hafiz Nazir Ahmad, representative of the Kazis' Association.
- (15) Aga Muhammad Kazim Shirazi, representative of the Shia sect.
- (16) Shamsul-Ulama Khan Bahadur Maulvi Hidayat Hussain.
- (17) Shamsul-Ulama Maulvi Abu Nasr Muhammad Wahid.
- (18) Khan Bahadur Maulvi Zahiruddin Ahmed, M.L.A.
- (19) Khan Sahib Qurbanullah, Inspector of Registration Offices, will act as Honorary Secretary.

By order of the Government of Bengal  
(Ministry of Education),

S. W. GOODE,

Secretary to the Government of Bengal (offg.).

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 20th August 1922.

**Summary.**—During the week under review rainfall has diminished, the fall being generally light to moderate over the greater part of the province. Transplantation of winter paddy is fast approaching completion. With the exception of flood-affected areas in parts of West Bengal a normal area is likely to be transplanted this year. The present outlook, so far, is good. Reaping of autumn paddy is well advanced and cutting steeping and washing of jute are in full swing. The prospects of autumn crops are satisfactory on high lands and fair on low lands. The average price of common rice for the province has fallen by about 0.38 per cent as compared with that of the previous week.

Bengal Government, Appointment Department, Notification No. 2261A, dated the 12th March 1920.

(vi) The Bengal Embankment (Sunderbans) Act IV of 1915.

C.

The examination in cases.

The record of a case such as ordinarily comes before a Canal officer exercising magisterial powers will be selected by the President of the Examination Committee. The record of the case should consist, as far as possible, of documents recorded in the Court vernacular of the place in which the candidate is employed. The case should not be of special difficulty, and, in selecting it, it should be remembered that officers will only exercise magisterial powers under Bengal Act, III of 1876 (Bengal Irrigation Act).

The record will be read out to candidates by an Indian official. Where possible, the case will be read to each candidate separately, or to small batches. The candidate must write his notes of evidence as the reading proceeds, as he would do were he actually trying the case. At the conclusion of the case the candidate, who may refer to his books, must write (Europeans in English, natives of India in Hindustani, Bengali or English, as they

prefer) a judgment on the question or questions at issue, with a statement of reasons. The Examination Committee will merely state their opinion on the merits of each candidate's judgment and not transmit this part of the proceedings.

Officers will be allowed to pass separately in either of the papers A or B in the case C. Passing marks in each subject will be 50 per cent.

4. The following table shows the particulars of marks assigned to each subject and the time allowed :—

SUBJECTS OF EXAMINATION.			Maximum marks.	Pass marks.	Time allowed.
Law papers "A"	...	...	120	60	3 hours.
"B"	...	...	120	60	3 do.
Examination in cases	...	...	120	60	To be determined by the Local Examination Committee.

#### *Examination in Vernaculars.*

5. Subject to the proviso that no Indian member of the Indian Service of Engineers is liable to examination in a language which is his own vernacular, officers of the Roads and Buildings and Irrigation Branches of the Public Works Department are required to pass an examination in Bengali by the Lower Standard within two years of joining their appointments in India. They are also required to pass an examination in Hindi by the Higher Standard by the colloquial test within four years of joining their appointments in India. If they fail to do so their increments of pay will be withheld till they pass the examinations.

Officers may also, if they so wish, go up for the Higher Standard examination in Bengali within five years of joining their appointments in India.

On an officer passing the language examination the fact should be noted in the Classified List appropriate letters being placed against his name.

6. Officers of the Roads and Buildings and Irrigation Branches of the Public Works Department, who pass the Lower Standard examination in Bengali within the time prescribed, namely two years, are entitled to a reward of Rs. 80.

Those who pass the Higher Standard in Hindi by the colloquial test within four years are also entitled to a reward of Rs. 80.

Those who pass the Higher Standard in Bengali within five years are entitled to a reward of Rs. 120.

Indian officers are eligible for the same reward for passing in a compulsory examination in a vernacular language which is not allied to their mother-tongue.

7. Two grades of examination in Bengali are recognized, viz., (I) the Higher Standard and (II) the Lower Standard.

8. The examination specified in grade I above, and the Lower Standard examination specified in grade II above, will be held under the direction and control of the Central Examination Committee.

9. The following are the tests prescribed for the two grades of examination :—

#### *Grade I.—The Higher Standard of Departmental Examination.*

A.—Dictation. A passage from some official paper in Bengali will be read out to the candidates by a Bengali, and they will be required to write it down in Bengali characters with fair accuracy.

B.—A written translation from the vernacular into English.

The paper should contain passages from an unseen official document.

C.—A written translation from English into the vernacular—

A brief passage from an English judgment \* or other official document of a somewhat difficult nature, selected by the Central Examination Committee, shall be translated into the vernacular by the examinee without assistance and in a generally correct manner.

\* "The judgment or other official document" will, if possible, relate to matters with which officers of the Public Works Department are likely to have to deal.

**D.—Vivd-voce examination in the vernacular—**

(i) The examinee shall be tested in conversation with several Indians of various classes in such a manner as to satisfy the Examination Committee of his power of making himself understood by them, and of explaining himself with clearness and sufficient propriety, in the vernacular in an argument or topic of some difficulty.

(ii) The examinee will be called upon to read with fair-fluency and explain in English to the Examiners three papers written by different persons in a plain running hand.

**NOTE.**—It is not necessary that each candidate should translate the same piece, just as it is not necessary that the vivd-voce examination of each should involve the same conversation.

10. The maximum and the pass marks assigned to each branch of the examination and the time allowed for the papers are subjoined:—

SUBJECTS OF EXAMINATION.					Maximum marks.	Pass marks.	Time.
A.—	Dictation	...	...	...	20	10	$\frac{1}{2}$ hour.
B.—	Translation from Vernacular	...	...	...	20	10	2 hours.
C.—	Ditto English	...	...	...	20	10	2 do.
D.—(i)	Vivd-voce Examination	...	...	...	20	10	15 minutes.
(ii)	Ditto ditto	...	...	...	10	5	

**Grade II.—The Lower Standard of Departmental Examination.**

11. For this examination the test shall be the same as the above, but the papers shall be less difficult. The proportion of marks to be obtained in order to pass, and the time allowed for the papers, shall be the same as for the Higher Standard above described. The principal object of this examination shall be to test the proficiency, for practical purposes, of the examinee in such language.

12. No Indian officer (these rules notwithstanding) shall be liable to examination in a language which is his own vernacular. The Superintending Engineer in submitting the lists of intending examinees to the Chief Engineer will consider each case, and, on satisfying himself, may exempt the candidate from examination in such language, reporting the reasons for doing so to the Chief Engineer.

13. Assistant Executive Engineers on first employment should be posted to such duties as will afford them the experience of work necessary to enable them to pass the examinations laid down in the preceding paragraphs. Cases may, however, occur in which, owing to the exigencies of the public service, illness, or want of time, or opportunity for convening a committee, an officer may not be able to pass the examinations in question within the prescribed period. In such cases an officer may, at the discretion of Government, be afforded a reasonable extension of time up to a limit of one year, and if he passes within this further period no penalty should be enforced and he may be granted by Government the reward admissible for passing the compulsory vernacular test within the prescribed period. In the event of an officer failing to pass the examinations within the extended period his increments should be withheld, and arrears of increments so withheld should not, on his passing the examinations, be granted to him except in special cases when his failure to pass has been due to circumstances beyond his own control. Failure to pass the examinations within the prescribed period will not, however, affect the amount of an officer's salary when he has subsequently passed the examinations and he will then be entitled to the rate of pay corresponding to the length of his service.

An officer of under 12 years' service who is transferred from another province where a different vernacular is current from the one prescribed for Bengal to this Presidency, may, at the discretion of Government, be required to pass the Lower Standard in Bengali within two years and the Higher Standard in Hindi by the colloquial test within four years of such transfer; and should he fail to do so he will be liable to the loss of further increments until he has passed.

J. DONALD,  
Chief Secretary  
to the Government of Bengal.

No. 4781M.—The 6th September 1922.—In exercise of the power conferred by clause (a) of section 59 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to approve the resolution passed by the Commissioners of the Gobardanga Municipality, in the district of the 24-Parganas, under section 23 of that Act, electing Babu Jagat Prosanna Mukherji to be Chairman of that municipality.

Minister in charge: The Hon'ble Sir S. N. Banerji, Kt.

No. 4783M.—The 6th September 1922.—The Government of Bengal (Ministry of Local Self-Government) are pleased to declare their intention, in exercise of the power conferred by section 640 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), to extend to the town of Howrah the following provisions of the Calcutta Municipal Act, 1899, subject to the modifications and restrictions therein, which are shown, as far as possible, in antique type :—

158. The Chairman shall, in all cases in which any building or land is for the first time valued, or in which the valuation of any building or land previously valued is increased, give special notice thereof to the owner or occupier of the same; and, when the valuation is increased as aforesaid, the said notice shall contain a statement of the grounds of such increase.

160 (1) Any person who is dissatisfied with a valuation made under Part IV of the Bengal Municipal Act, 1884, may deliver to the Chairman a written notice stating the grounds of his objection to such valuation.

(2) Such notice shall be delivered within fifteen days after the publication of the notice referred to in section 112 of the Bengal Municipal Act, 1884, or after the receipt of the notice referred to in section 158 of the Calcutta Municipal Act, if such notice is received after the publication of the notice referred to in section 112 of the Bengal Municipal Act, 1884.

165 (1). Any owner or occupier may at any time apply to the Chairman to have his name entered as owner or occupier as the case may be, in the Demand Register; and the Chairman shall, unless there is sufficient reason to refuse such application (the reason for which refusal shall be recorded in writing), cause such name to be entered in the Demand Register.

(2) Where there are gradations of owners or occupiers and doubt exists as to who is entitled to have his name entered in the Demand Register as owner or occupier of the premises, the Chairman shall determine which of the several owners or occupiers is so entitled, and his decision shall remain in force for the purposes of the Calcutta Municipal Act, 1899, as in force in the town of Howrah, unless and until it is set aside by the order of a competent court.

(3) No owner or occupier whose name is not entered in the Demand Register shall be entitled to object that any bill, notice of demand, warrant, or other notice of any kind required by the Calcutta Municipal Act, 1899, as in force in the town of Howrah, to be served on the owner or occupier of a building or land has not been made out in his own name.

587. Every public notice given under the Calcutta Municipal Act, 1899, as in force in the town of Howrah, or any rule, bye-law, or regulation made thereunder, shall be in writing under the signature of the Chairman, and shall be widely made known in the locality to be affected thereby, by affixing copies thereof in conspicuous public places within the said locality, or by publishing the same by beat of drum or by advertisement in local newspapers, or by any two or more of these means, and by any other means that the Chairman may think fit.

588. Whenever it is provided by the Calcutta Municipal Act, 1899, as in force in the town of Howrah, or any rule, bye-law, or regulation made thereunder, that notice shall be given by advertisement in local newspapers, or that a notification or any information shall be published in local newspapers, such notice, notification, or information shall be inserted, if practicable, in at least two newspapers to be selected by the Chairman.

II. Any objection to such extension on the part of the Commissioners of the Municipality of Howrah or any inhabitant thereof should be submitted in writing through the District Magistrate, Howrah, to the undersigned before the 1st November 1922.

## CALCUTTA UNIVERSITY.

## NOTICE.

THE Senate will proceed in the month of August, 1923, to the election of a Tagore Professor of Law for a term of one year, to commence on the 1st August, 1924.

The salary of the Professorship is Rs. 9,000 per annum, and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects :—

- (i) The History of Hindu Law in the Vedic Age and in Post-Vedic Times down to the Institutes of Manu.
- (ii) A Critical, Historical and Comparative Survey of the System of Administration of Justice in Muslim Law.
- (iii) The History of the Law of Primogeniture with special reference to India, ancient and modern.

The salary of the Professor will be paid in twelve equal monthly instalments, the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

Candidates for the Professorship are required to forward their applications to the Registrar on or before the 1st May 1923, stating on which of the abovenamed three subjects they are prepared to lecture. Each candidate will forward with his application one hundred copies of a brief Synopsis of his proposed lectures; and, if he so pleases, the same number of copies of his Introductory Lecture.

The Professor will, not later than the month of August following his election, forward to the Registrar a complete copy (manuscript or type-written) of the lectures which he proposes to deliver. The copy will be forthwith referred to Committee of the Faculty of Law, consisting of not more than three members to be chosen by the Faculty, who will examine the same, and, before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and ready for the Press. If, upon such report, the Faculty are satisfied that the work is complete, the Professor will commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered will remain in the custody of the Registrar and shall be sent to Press, as soon as practicable after delivery thereof.

If the Professor fails to submit the copy of the lectures, or if the copy submitted be found, on examination, to be incomplete and not ready for the Press, the matter will be referred to the Faculty of Law, upon whose recommendation the Senate may either extend the time or cancel the appointment.

# MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR AUGUST 1922.

**I. Character of the Season.**—During the month under review the rainfall was in excess of the normal except in North Bengal, where it was generally defective. The excess was most marked in some Western districts. The usual rainfall statement is appended.

**II. Progress of Agricultural Operations.**—Transplantation of winter paddy seedlings made good progress. The area transplanted with the crop is likely to approach the normal. Harvesting of jute and autumn paddy was proceeding favourably in the Eastern and Northern districts.

**III. State of Standing Crops.**—The condition of winter paddy is good and that of other standing crops is generally fair.

**IV. Prospects and Probable Outturn.**—The probable outturn of autumn crops was fair on low lands and satisfactory on high lands. The prospects of transplanted winter paddy are expected to be good so far and those of deep water paddy satisfactory.

**V. Damage to Standing Crops.**—During the early part of the month considerable damage was caused to the standing crops by floods in certain lowlying tracts of West Bengal.

**VI. Condition of Agricultural Stock.**—The condition of livestock was generally fair. Sporadic cases of cattle disease were, however, reported from parts of Nadia, Murshidabad, Khulna, Burdwan, Birbhum, Hooghly, Rajshahi, Darjeeling, Rangpur, Malda, Cooch-Bihar, Chittagong, Tippera, Noakhali and Tripura State.

**VII. Failure of Pasturage and Fodder.**—No scarcity of fodder and water was reported from any part of the Province.

**VIII. Prices of Food-grains.**—During the second half of the month under review the price of common rice of the cheapest quality rose in four districts, fell in sixteen and remained stationary in the rest of the Province. It ranged from 5 seers 15 chittacks per rupee at Tippera to 8 seers per rupee at Jalpaiguri.

**IX. Condition of Agricultural People.**—The condition of agricultural population continued to be fair.

Assistant Collector of Customs for Imports.

CALCUTTA CUSTOM HOUSE, the 8th September 1922.

**Summary.**—During the week under review seasonable rain fell almost throughout the Presidency. Transplantation of winter paddy and harvesting of autumn crops are nearing completion. Weeding of winter paddy is proceeding favourably. The area transplanted with the crop is likely to approach the normal, and the outlook is reported to be good. The prospects of other standing crops are generally favourable. The average price of common rice for the Province has fallen by about 1·42 per cent. as compared with that of the previous week.

**No. 2460S.R.—The 16th September 1922.**—In exercise of the powers conferred by sections 2, 105 and 130 of the Sea Customs Act, 1875 (VIII of 1875), the Board of Revenue, Bengal, makes the following amendment in the rules published under notification No. 1390T.-F., dated the 6th July 1903, at pages 922-932, Part I, of the *Calcutta Gazette*, dated the 15th July 1903, namely :—

For rule 24, *substitute* the following.—

"24. Immediately after the arrival of the vessel at its destination, notice shall be given by the bondor or his agent to the officer authorized by the Collector of the district or the Collector of Customs, if there be any, to supervise the transit of the salt to the warehouse. This officer shall thereupon note the date and hour of arrival, bringing any unreasonable delay to the notice of the Collector, examine the seals, and if they are found intact, take over the pass delivered by the Preventive Officer to the master or *manjhi* of the vessel and superintend the removal of the salt to the appointed warehouse, where, if such warehouse be a private warehouse licensed under the Sea Customs Act or an inland bonded warehouse, it shall be stored without reweighment, unless the bondor or his agent shall desire reweighment. The expense of such reweighment shall be borne by the bondor. If the appointed warehouse be a public warehouse under the Sea Customs Act, the salt shall be stored after reweighment, the expense of which shall be borne by the Government, and the owner of the salt shall be required to pay full duty on any difference between the quantity of salt originally delivered from shipboard or the *golus* and the quantity found on reweighment. When duty paid and non-duty paid salt is carried in the same vessel, the officer shall see that all duty paid salt is taken off before the hatches containing non-duty paid salt are opened or *vice-versa*."

*Secretary to the Government of Bengal (offg.).*

#### MISCELLANEOUS.

**No. 2928Mis.—The 16th September 1922.**—In exercise of the powers conferred by sub-section (1) of section 12 of the Bengal Amusements Tax Act, 1922 (Bengal Act V of 1922), the Governor in Council is pleased to make the following rules for securing the payment of the entertainments tax in respect of entertainments other than race meetings, namely :—

#### RULES.

1. Except as is provided by these rules no person shall mark, or cause to be marked, in any manner, any stamp referred to in clause (a) of section 4 of the Bengal Amusements Tax Act, 1922.

2. No person shall purchase any such stamp except from a person duly appointed to sell and distribute stamps, or duly licensed to deal in stamps :

Provided that nothing in this rule shall apply to a person purchasing such a stamp affixed to a ticket for the purpose of being admitted to an entertainment.

3. The proprietor shall not issue, or have in his possession at the place of entertainment, or at any place whereat tickets for the entertainment are sold, any ticket being a ticket authorising or intended to be issued for the purpose of authorising any person to be admitted to an entertainment, unless the price of admission and the statement required by this rule are legibly printed, stamped, or otherwise marked on the ticket.

For the purpose of this rule, price of admission means the price exclusive of the entertainments tax, and there shall be printed on every such ticket as aforesaid a statement that the price printed thereon in accordance with the requirements of this rule excludes the entertainments tax.

4. The proprietor shall not issue to any person a stamp referred to in clause (a) of section 4 of the said Act otherwise than securely affixed to a ticket issued for the purpose of authorising admission to the entertainment.

5. The proprietor shall not, on any payment for admission to the entertainment being made, issue in respect of that payment any ticket authorising admission to the entertainment other than a ticket to which is affixed a stamp denoting the proper amount of entertainments tax chargeable in respect of that payment : provided that this rule shall not apply in any case where the proprietor of the entertainment has made arrangements for furnishing returns of the payments for admission and has given security to the satisfaction of the Local Government for the payment of the entertainments tax.

6. (1) Subject to the provisions of these rules, the proprietor shall not deface, cut, tear or diminish any stamp affixed to a ticket and denoting the proper entertainments tax payable before the ticket to which it is affixed is issued, or admit any person to an entertainment with a ticket bearing a stamp which has been defaced, cut, torn or diminished.

(2) No person being a holder of a ticket to which a stamp is affixed issued for the purpose of authorising admission to an entertainment shall deface, cut, tear or diminish the stamp.

7. The proprietor shall collect the tickets of all persons about to be admitted to the entertainment, and every person about to be admitted by means of a stamped ticket shall immediately before admission to the entertainment deliver the ticket with the stamp attached to the person who is collecting the tickets.

(4) When a ticket is so collected, the proprietor shall forthwith deface the stamp on the ticket by tearing the ticket into two portions across the stamp and shall return one portion of the ticket to the person to be admitted to the entertainment, and shall retain and keep until midday following the conclusion of the entertainment the other portion thereof, and shall then destroy it.

7. (1) Where the proprietor issues any ticket purporting or intended to authorise the admission to the entertainment of more than one person, he shall cause the ticket to be clearly marked with the number of persons so authorised to be admitted and the total price charged for the ticket, and he shall not admit to the entertainment by virtue of that ticket a greater number of persons than that marked on the ticket.

(2) For the purpose of calculating the entertainments tax chargeable in such a case there shall be deemed to be as many payments for admission as there are persons authorised to be admitted under the ticket, and each of these payments shall be deemed to be equal in amount to the total price charged for the ticket divided by the total number of the persons so authorised.

8. (1) Where the duty is calculated on a lump sum paid for a season ticket, or for a ticket authorising admission to any entertainment, during a certain period of time, the proprietor shall before issuing the ticket mark it with the name of the person to whom it is to be issued.

(2) Unless the proprietor of the entertainment has made arrangements approved by the Local Government for furnishing returns of payments for admission and has given security to their satisfaction for the payment of the entertainments tax, he shall, before issuing any such season ticket as aforesaid, affix thereto a stamp denoting the proper amount of entertainments tax chargeable thereon and shall deface the stamp by writing in ink on the face thereof the date of issue of the ticket, and any such stamp shall not be required to be defaced at the time of admission to the entertainment in the manner prescribed in sub-rule (4) of rule 6.

9. The proprietor shall not admit any person to the entertainment without any payment, unless that person is the holder of a ticket or document entitling him to be admitted without payment and clearly marked "complimentary" or "free" or a badge recognised by the proprietor as entitling the holder thereof so to be admitted. No person shall enter or otherwise obtain admission to an entertainment without payment unless he is the holder of such a ticket, document or badge as aforesaid.

10. Any reference in these rules to admission to a place of entertainment or to a person admitted to a place of entertainment shall be deemed to include a reference to the admission to another part of the place of entertainment, for admission to which part a payment involving payment of entertainments tax or more entertainments tax is required of a person who has been admitted to one part of that place of entertainment and to such a person admitted to such another part of the place of entertainment, and these rules shall have effect accordingly.

11. The Local Government may, for the protection of the revenue, require a proprietor to keep registers of payments for admission and records of stamps denoting the entertainments tax purchased and used, in such form as they may prescribe, and to issue tickets in such form and manner as they may prescribe; and it shall be the duty of the proprietor to comply with such requirements.

12. (1) The proprietor shall at all reasonable times on demand by any officer appointed by the Local Government in this behalf produce to that officer all books and records kept by the proprietor in connection with any entertainment and all tickets and all portions of any tickets and all stamps for the time being in his possession, and shall allow the officer to inspect and take an account of the same or to remove the same for the purpose of examination or inquiry.

• (2) A person who has been admitted to an entertainment in respect of which the proprietor has not made arrangements approved by the Local Government for furnishing returns of payments for admission, and giving security to their satisfaction for the payment of the entertainments tax, shall upon the demand made during the course of, or immediately before, or after the entertainment, produce to any officer appointed by the Local Government in this behalf the ticket, badge, card of admission, voucher or document by means of which he was admitted or a portion of the ticket by means of which he was admitted, bearing a stamp defaced in accordance with sub-rule (4) of rule 6.

## THE BENGAL FACTORIES RULES, 1922. .

### NOTIFICATION.

No. 165 T-Com.—*The 13th September 1922.*—In exercise of the power conferred by section 37 of the Indian Factories Act, 1911 (XII of 1911) as amended by the Indian Factories (Amendment) Act, 1922 (II of 1922) the following draft of rules, which the Governor in Council proposes to make, is published as required by sub-section (1) of section 39 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 20th December 1922 and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

### DRAFT RULES.

1. These rules may be cited as "The Bengal Factories Rules, 1922."

### PART I.

#### Definitions.

2. In these rules—

Definitions.

- (a) "**the Act**" means the Indian Factories Act, 1911, as amended by the Indian Factories (Amendment) Act, 1922;
- (b) "**Section**" means a section of the Act.
- (c) "**Manager**" means the person responsible to the occupier for the working and condition of a factory;
- (d) "**Scheduled Worker**" means a person who, with a prescribed authorization works at a process involving the use of lead compounds or at any operation mentioned in the Schedule I to the Act.
- (e) "**Inspector**" means, unless there is anything repugnant in the subject or context, an Inspector appointed under section 4 of the Act, and includes Chief Inspector and any Inspector subordinate to him;
- (f) "**Examining Surgeon**" means a registered practitioner authorized by a certifying surgeon under section 8 to examine persons and to grant provisionally the certificates defined in rules 2 (g) and (h);
- (g) "**General Medical Certificate**" means a certificate in prescribed form granted by a certifying surgeon, or by an examining surgeon, to, or in respect of, any person, certifying his age and fitness to work in a factory;

(A) " **Scheduled Worker's Medical Certificate** " means a certificate in prescribed form granted by a certifying surgeon or by an examining surgeon to, or in respect of, any person working at or desirous of working at any process mentioned in the Schedule to the Act;

(j) " **Machinery** " or " **Mill Gearing** " includes every shaft, whether upright, oblique or horizontal, and every wheel, drum, pulley, rope, chain, wire, driving strap or band by which the motion of the first moving power is communicated to any machine appertaining to any manufacturing process.

*Proriso (1).*—When in any area the local Government has, by notification in the local official Gazette, under sub-section (5) of section 4, declared that the District Magistrate or an additional Inspector shall exercise all the powers of an Inspector under the Act, the word " Inspector " shall be held to include such District Magistrate or additional Inspector.

*Proriso (2).*—When in any area the local Government has declared, as aforesaid, that a District Magistrate or additional Inspector shall exercise certain powers of an Inspector, the word " Inspector " shall be held to include such District Magistrate or additional Inspector only in so far as any one or more of these rules are specified in the notification.

## PART II.

### Establishing a factory.

Advice by the  
Inspector.

3. When it is notified to the Inspector that there is an intention to erect or establish a new factory, the Inspector may, and if the occupier so desires, shall, advise the occupier upon the suitability or otherwise of the occupier's design with regard to their convenience for the observance of the provisions of the Act and rules, but not upon any other subject in connection with the factory. Advice given under this rule shall not be deemed to exempt the occupier from remedying any defects which may later be subject to objection under the Act or the rules. 8 (2)

Notice of  
occupation.

4. During any period for which no person has been designated as manager of a factory the occupier shall himself be deemed to be the manager of the factory for the purpose of these rules. 29A (1)

## PART III.

### Registration of a factory.

Notified  
factory.

5. When an Inspector receives a notice under section 33 (1) from any person occupying a factory, he shall, if he has not already done so, include such factory in his register. 4 (1)

6. When an Inspector has reason to believe that any premises, situated within the local limits for which he is appointed and not already registered as a factory, ought to be so registered, he shall send to the occupier of the premises a notice intimating his intention of including such premises in his register of factories and shall furnish the occupier with a blank Form A. The occupier, whether protesting against the registration of his premises or not, shall return Form A correctly and completely filled to the Inspector within 15 days of the receipt thereof. **Unnotified factory.**

4 (3)

7. Any person served with a notice under rule 6 may, within 15 days of the receipt of such notice, forward to the Inspector a statement setting forth his objections to the registration of the premises as a factory. Such objections shall be accompanied by all the informations required to complete Form A, if this has not already been furnished to the Inspector. The Inspector shall consider and dispose of such objections after making such inquiry as he may deem necessary, and shall then include such premises in his register of factories or not, as the case may be. **Objection to registration.**

## PART IV.

### Safety.

20A

8. In every factory, all buildings, walls, chimneys, masts, bridges, tunnels, roads, galleries, floors, platforms, stagings, and all structures in common use, whether of a permanent or temporary character, shall be so designed, constructed and maintained as to involve no danger to human life or safety: **Structures.**

Provided that the Inspector shall not accept any such structure if it is designed or constructed so as to contravene the provisions of any other Act.

20A (8)

9. In every factory, prime movers or other machinery, the steam boilers or other vessels subject to pressure, and all tanks and mains, together with the fittings of each of the aforesaid, shall be free from dangerous structural defects. They shall also be maintained sufficiently free from deterioration, and shall be operated (or attended) by persons of sufficient experience or skill, to satisfy the Inspector that there is no danger to human life or safety from them: **Prime movers and machinery.**

Provided that the Inspector shall not accept any of the objects mentioned if they are of such a nature as to contravene the provisions of any other Act.

20A

10. In every factory, where there are within the precincts, railways, or other electrical or mechanical means of transport, such railways or means of transport shall be designed, maintained and operated in such a manner as to satisfy the Inspector that there is no danger to human life and safety from them: **Railways and transport.**

Provided that the Inspector shall not accept any such railways or means of transport if they are so designed, maintained and operated as to contravene the provisions of any other Act.

11. No person shall smoke or use a naked light, or shall cause or permit such light to be used in the immediate vicinity of inflammable material in any **Smoking and use of naked lights.**

factory; and the Manager of every factory shall cause to be exhibited a notice prohibiting smoking or the use of naked lights, or both, in all places where they would be dangerous, or where the Inspector may require, and shall take all other reasonable precautions to ensure the observance of this rule.

Lighting.

12. Every part of every factory shall be sufficiently lighted during the whole of the periods employed persons are present in it, either by day or night, to avoid danger arising from imperfect visibility, having due regard to the nature of the place and of the work carried on therein, and to a standard which is approved by the Inspector.

Fencing  
(general).

13. In every factory, all moving parts of machinery shall be securely fenced, unless they are so situated that they are in the opinion of the Inspector incapable of causing injury to workers. Fencing so erected, shall be designed so that it is impossible for any person to pass between the fencing and a moving part; and also in such a manner as to give protection to a person oiling, cleaning, or otherwise attending to the machinery, and to all persons who may be in the neighbourhood of a moving part while it is in motion. 20A (10)

Fencing  
(electrical).

14. In every factory, all electrical circuits or parts of such, or any objects electrically connected with them, whether commonly or occasionally in an electrified condition and which by reason of their position could cause injury to the person, shall be protected adequately to the satisfaction of the Inspector either by fencing or insulation, or by both, in such a manner as to remove the danger of injury: 20A (11)

Provided that where automatic mechanism is installed for the purpose of immediately removing the electrification on the occurrence of a fault, such mechanism shall be taken into account by the Inspector when considering the adequacy or otherwise of the protection furnished:

Provided also that in no case shall the Inspector accept as adequate, any conditions or combination of conditions which are subject to objection under any other Act.

Fencing  
(hoists).

15. Every hoist and teagle, and every place where commonly material of sufficient weight is raised or lowered shall be so fenced as to prevent personal injury in its descent. 20A (12)

Fencing  
(pits).

16. Every opening, in the ground or in a floor, which by reason of its depth, situation, construction or contents, could cause personal injury, shall be so fenced as to prevent such injury. 20A (13)

Unsuitable  
fencing.

17. When any plant, machinery, apparatus, or fittings in a factory are not safeguarded from danger to human life, as prescribed in rules 13, 14, 15 and 16, such plant, machinery, apparatus, or fittings shall be deemed not to be securely fenced within the meaning of section 18 (1). 21 (1)

Alternatives to  
fencing.

18. If in any case it is represented to the Inspector and agreed to by him in writing, that fencing would unduly obstruct a manufacturing process being carried on in the factory, or would be otherwise impracticable, such other protection shall be provided as the Inspector may prescribe instead of fencing. 21 (2)

21 (3)

19. If the manager of a factory has not complied with an order to fence or otherwise protect any machinery, after having been requested to do so in writing by an Inspector, the latter may, on a subsequent visit, serve on the manager an order in writing prohibiting the use of the machinery in question, until the orders have been carried out and passed by the Inspector as satisfactory.

Failure to  
comply with  
fencing  
orders.

## PART V.

### Health and Sanitation.

17 (1)

20. In every factory, there shall be provided for each person employed at one time in any room, a breathing space of at least 500 cubic feet. For the purpose of this calculation, no height above 15 feet from the floor of such room shall be taken into consideration.

Standard  
of space.

21. Every part of every factory shall be adequately ventilated to the approval of the Inspector.

Ventilation.

20A (1)

22. In every factory where injurious, poisonous or asphyxiating gases, dust, or other impurities are used or are evolved from any process carried on in such factory the danger from such gases, dust, or other impurities, shall be guarded against so far as is practicable.

Injurious  
gases.

23. No person shall be employed in any factory in any operation involving the use of lead compounds, save under the following condition, namely:—

Prevention  
of lead  
poisoning.

(a) Where the dust or fume from a lead compound is produced in the process, provision must be made for drawing the fume or dust away from the persons employed by means of an efficient exhaust draught, so contrived as to operate on the dust or fume as nearly as may be at its point of origin.

(b) The persons employed must undergo the prescribed medical examination at the prescribed intervals, and the prescribed record must be kept with regard to their health.

(c) No food, drink, or tobacco, shall be brought into, or consumed in, any room in which the process is carried on, and no person shall be allowed to remain in any such room during meal times.

(d) Adequate protective clothing in a clean condition shall be provided by the employer and worn by the persons employed.

(e) Such suitable cloak room, mess room and washing accommodation, as may be prescribed, shall be provided for the use of the persons employed.

(f) The rooms in which the persons are employed and all tools and apparatus used by them, shall be kept in a clean condition.

24. In every factory or part of a factory wherein the atmosphere is artificially humidified, whether intentionally or unintentionally, the humidification shall not be allowed to reach such a degree that it is injurious to the health of the persons employed.

Humidification.

**Drinking water.**

25. In every factory a supply of water fit for 20 (1) drinking, and consisting of at least as many gallons as there are persons employed in the factory, shall be provided daily free of cost.

26. Such supply shall be derived either from a 20 (2) public or private supply of efficiently filtered drinking water, or from one or more wells or specially reserved tanks so situated as not to be polluted or contaminated by organic matter or other impurities.

27. Proper arrangements approved by the In- 20 (3) spector shall be made for maintaining in a drained and cleanly condition, the area round the place where the drinking water is distributed.

28. When the drinking water is obtained from an 20 (4) intermittent public water supply, each factory shall be provided with a storage of water of not less than one gallon per head of persons employed.

**Limewashing.**

29. In every factory the inside surface of all 13 (1) walls of the rooms in which persons are employed, and all the ceilings or tops of such rooms (whether such walls, ceilings or tops be plastered or not), and all passages and staircases, shall be limewashed completely every 12 months.

30. The Local Government may, by special order, 12 (2) exempt any class of factories or parts thereof from the provisions of rule 29, when they are of opinion that the said provisions are not necessary under clause (a) of section 9, or are, by reason of the special circumstances, inapplicable.

**Painting.**

31. All beams, rafters, doors and other wood- (4) work in every factory shall, if not limewashed as required under rule 29, be painted or varnished at least once in five years and shall be kept clean.

**Cleanliness.**

32. No manager of a factory shall cause or allow 16 (1) any rubbish, filth or debris to be accumulated or to remain on any premises over which he has effective control, of such a nature or in such a manner that effluvia therefrom may arise within the factory.

33. No manager of a factory shall permit mic- turition or evacuation in any place in the factory other than a urinal, privy or latrine as the case may be.

**Latrines.**

34. Every factory not exempted under the pro- 18 (1) viso to section 13 shall be provided with latrine accommodation.

35. All latrines and urinals within a factory shall 16 (2) be kept in a sanitary state, and shall be limewashed every month.

36. All latrines in a factory shall be designed and 18 (2) constructed in a manner approved by the Chief Inspector or the Director of Public Health. Latrines shall also be situated, maintained and tended, in a manner approved by the Inspector.

37. Every factory which is provided with hand- 18 (3) service latrines only and which has not been exempted under the proviso to section 13, shall be provided with latrine accommodation in a place detached from the

other factory buildings, and on the following scale,  
viz :—

Where the number of persons 3 seats.  
employed at one time does not  
exceed 50.

Where the number of persons 1 additional seat for  
employed at one time exceeds every 50 persons or  
50. any less number.

- 18 (4) 38. When females are employed in a factory separate latrines screened off from those for males, and marked in the vernacular in conspicuous letters. "For females only" shall be provided. Those for males shall be similarly marked "For men only."

## PART VI.

### Medical Officers and Examinations.

39. The certifying surgeon may authorize any registered practitioner to exercise, subject to the restrictions imposed by rule 51, the function assigned to the certifying surgeon by these rules, and may revoke such authority.

Powers of  
Certifying  
Surgeon.

- 9 (1) 40. The duties of a certifying surgeon as such, and of a registered practitioner authorized under section 8 to exercise his functions (that is to say, an Examining Surgeon) shall comprise the examination of persons employed in a factory or desirous of being so employed, and the grant to them, when qualified, of such medical certificates as may be prescribed in the Act or the rules made thereunder, and the proper endorsement, suspension, or cancellation of such certificates.

- 9 (2) 41. The occupier or manager of a factory or person examined shall not be chargeable with any fee or consideration of any kind for an examination made or certificate endorsed, suspended or cancelled by the certifying surgeon or examining surgeon, and shall offer no such fee or consideration:

Certification  
fees.

Provided that a registered practitioner may be retained by the occupier of a factory as medical officer in consideration of a salary and that his duties to the occupier may include those of examining surgeon, but no examination made by him, or certificates granted or endorsed by him, shall be paid for separately by the occupier in any form whatever.

- 9 (4) 42. If an Inspector ascertains that there has been an infraction of rule 41 whether the certificates connected with the infraction are *bona fide* or not, he shall record the infraction and the circumstances in his report, and bring the same to the attention of the authority to which he is subordinate.

- 9 (5) 43. A certifying surgeon appointed under section 6, or any examining surgeon authorized by such surgeon under section 8, shall fix such place and such times as may be proper for the attendance of persons wishing to obtain certificates of age and physical fitness under sections 7 and 19B. Notice of the place

and the times thus fixed shall be given to the manager of any factory concerned within the local limits for which such surgeon, or authorized examining surgeon, is appointed.

Medical  
certificates.

44. Every certifying surgeon shall keep a bound book containing forms in foil and counterfoil as reproduced in Form C in the Schedule appended to these rules, for use as general medical certificates, and a bound book containing forms in foil and counterfoil as reproduced in Form D for use as Scheduled Workers' Medical Certificates. Such forms shall in each case be numbered consecutively, and shall be printed on durable material. 10 (1)

45. Every certificate granted by a certifying surgeon under section 7 or 19B shall be prepared by filling up the foil and counterfoil, on both of which shall also be impressed the left thumb mark of the person in whose name the certificate is granted. 10 (2)

46. The certifying surgeon shall, when satisfied as to the correctness of the entries made therein, sign the foil and initial the counterfoil, and shall deliver the foil to the person at whose request the certificate was granted. The foil so delivered shall be the certificate granted under section 7 or section 19B as the case may be. 10 (3)

47. If the certifying surgeon refuses, for reasons to be stated in writing, to grant to any person a general medical certificate, or if he revokes such a certificate granted by a certifying or examining surgeon, no fresh application for a certificate shall be made on behalf of such person until a period of three months has elapsed, unless the certifying surgeon otherwise gives permission in writing at the time of revoking or refusing to grant the certificate. 10 (4)

48. If a certifying surgeon refuses to grant to any person a Scheduled Workers' Medical Certificate, or if he suspends or revokes such a certificate granted by a certifying or examining surgeon, no further application shall be made by, or on behalf of, that person for the grant or restoration of a certificate until after such period as the certifying surgeon may prescribe in writing. 10 (5)

49. Every certifying surgeon shall take the names and certificate numbers of all children who have been granted provisional certificates since his previous visit, and who are not produced at the time of his visit, and shall forward the same to the Inspector together with a notice of the action taken by him under rule 57. 10 (6)

50. If so required by a manager or occupier, or by a person, or by the parents of such person if he be a child, with respect to whom he has refused or revoked a general medical certificate, or refused, suspended, or revoked, a Scheduled Workers' Medical Certificate, the certifying surgeon shall state in writing his reasons for such refusal, suspension, or revocation. 10 (7)

51. Every registered practitioner authorized under rule 39 to act as an examining surgeon shall grant general medical certificates and Scheduled 11 (1)

**Workers' Medical Certificates** in the manner described in rules 44, 45, 46, 47, and 48 with the proviso that such certificates shall have the word "Provisional" printed or stamped at the top of the foil and of the counterfoil, and that the left thumb mark of the person in respect of whom the certificate is granted shall be taken on the counterfoil only; and provided that a certificate so granted shall lapse and become invalid on a date three months after it was granted, unless it is confirmed by the certifying surgeon or cancelled by him under rule 57.

- 11 (2) 52. A certificate issued by an examining surgeon shall be deemed to have been confirmed by the certifying surgeon, only when it has in his presence been impressed with the left thumb mark of the person in respect of whom it has been granted, and also when the counterfoil has been signed by the certifying surgeon, and he has placed his initials against the deletion of the word "Provisional."

The thumb mark taken on the foil should be identical with that previously taken on the counterfoil.

- 12 (1) 53. A certifying surgeon, within the local limits for which he is appointed, shall, unless otherwise directed by the Local Government in rules made under the Act, visit every factory in which children are employed as follows:—

Arrangements  
for medical  
examination.

(a) A—*Textile factories*—

- |                                       |                                                                                  |
|---------------------------------------|----------------------------------------------------------------------------------|
| (1) Employing over 150 children.      | 6                                                                                |
| (2) Employing 150 children and under. | In accordance with the requirements of the Chief Inspector of Factories, Bengal. |

(b) He shall give previous notice of every visit.

- 12 (2) 54. At every visit the manager shall produce before him at such time as the certifying surgeon may fix, all children employed in the factory, whether actually at work or not, and who are not in possession of general medical certificates, and all Scheduled Workers employed in the factory whether at work at that time or not.

- 12 (3) 55. The certifying surgeon shall personally examine every child who is in possession of provisional certificate granted under section 8, and shall, if satisfied as to its correctness, confirm it in the manner prescribed in rule 52 and return it to its owner.

- 12 (4) 56. If on examination the certifying surgeon is of opinion that the person examined is under the age of 12 years or is not fit for employment in a factory, he shall retain the certificate, write on it the word "Cancelled" and sign the same, and shall

then return the certificate with such remarks, if any, as he may think fit to make, to the examining surgeon who granted it.

**Cancellation  
of provisional  
certificates.**

57. The certifying surgeon may cancel the provisional certificate granted to any child who is not produced, with effect from the date of his visit, or he may grant permission to the child to continue in employment for not more than 3 months, in accordance with section 8 of the Act. 12 (5)

**Certification  
of adults.**

58. When the manager of a factory or an Inspector desires to establish that a person is of sufficient age and is otherwise fit to be employed in a factory for the periods permitted to adults, the certifying or examining surgeon shall on request examine the person, and, if satisfied, grant a general medical certificate in which the person's age and fitness shall be stated. Such certificates shall be liable to be cancelled in the manners described in rule 56. 12 (6)

**Certification  
of scheduled  
workers.**

59. The certifying surgeon at every visit shall personally examine every Scheduled Worker and every person presenting himself with the desire to become a Scheduled Worker, and shall confirm, grant, endorse, suspend, or cancel, certificates in respect of such persons, in accordance with these rules and any medical regulations for Scheduled Workers, for the time being in force under the Act. 12 (7)

## PART VII.

### Hours of employment and holidays.

**Working hours  
to be fixed.**

60. In every factory, the manager shall fix specified hours in accordance with the Act for the employment of each person employed in such factory, and no person shall be employed except during such hours.

**Normal limits  
of working  
hours.**

61. In all factories and subject to any exceptions and exemptions permitted under the Act or the rules made thereunder— 24A (1)

No person (which includes women and children) shall be employed—

- (a) On Sunday.
- (b) For more than 60 hours in any one week.
- (c) For more than 11 hours in any one day.
- (d) For more than 6 hours without an interval of rest of at least one hour.
- (e) For any period in any factory if he has already been employed on the same day in any other factory.

No woman or child shall be employed—

- (f) Between the hours of 7 o'clock in the evening and 5-30 o'clock in the morning.

No child shall be employed—

- (g) For more than 6 hours in any one day.
- (h) For any period whatever unless in possession of a General Medical Certificate showing that he is not less than twelve years of age and fit to work in a factory.

- (j) For more than four hours without an interval of rest, unless his total hours of work in the day are less than five and a half.

No Scheduled workers shall be employed—

- (k) for periods other than those defined in notifications issued under the Act in respect of such work.

No exemption or exception from sub-clauses (f), (g) and (h) is permissible in any circumstances whatever.

62. If a child over the age of six years is found inside any room or part of a factory in which room or part children are employed, and in which any manufacturing process or work incidental to any manufacturing process is being carried on, he shall, until the contrary is proved, be deemed to be employed in the factory.

Underage  
children  
in factories.

24A (2)

63. When the manager of any factory desires to employ one or more persons contrary to sub-clauses (a), (b), (c), (d), (e), (j), or (k) of rule 61 he shall, before doing so, inform, in writing, the Inspector prescribed for this purpose, and shall, also, furnish the Inspector with all the relevant information he may require. The Inspector shall thereafter, as soon as practicable, inform the manager in writing, whether or not his proposal is in accordance with any of the exemptions permissible under the Act and sanctioned by the Local Government. If the proposal is sanctioned, the manager shall be furnished by the Inspector with an Exemption Order in Form K in the Schedule annexed to these rules, signed by the Inspector.

Exemptions.

24A (3)

64. No person shall be employed in a factory for periods other than those prescribed in sub-clauses (a), (b), (c), (d), (e), (j) or (k) of rule 61 unless the manager is in possession of an Exemption Order issued under rule 63 in respect of the person or class of persons so employed:

Provided that when the Inspector is in doubt of the applicability to any factory or class of factories of any exemption sanctioned by the Local Government, he may, if he thinks fit, give permission in writing for the work to be carried on as proposed by the manager, until the case can be enquired into, but in no circumstances shall he grant such permission for a period of more than one month, on or before the expiry of which he shall either issue an Exemption Order, or in the alternative inform the manager that the exemption desired cannot be made with respect to his factory:

Provided further that in any factory wherein persons are on the 30th day of June 1922 employed contrary to the said clauses, but in pursuance of exemptions legally granted under the Indian Factories Act XII of 1911, such persons or substitutes for them, may continue to be so employed without an Exemption Order under rule 61 until the 31st day of December 1922.

65. Nothing in rules 61, 62, 64, 65 shall apply to persons employed in a confidential capacity or in positions which may be defined by the Local Government to be positions of supervision or management:

Provided that no position held by a child shall be so defined, and that no occupation of a child shall be deemed to be of a confidential nature.

## PART VIII.

### Publications, notices, returns and registers.

66. Copies of the Act, rules, regulations and (33) abstracts can be obtained from the office of the Chief Inspector of Factories, Bengal, at the price for the time being in force.

Posting of  
abstracts  
and notices.

67. In every factory there shall be posted near 29 (1) the main entrance, in a position approved by the Inspector, and protected from the effects of the weather by a glazed frame or other equivalent protection approved by the Inspector, the prescribed abstracts of the Act and of these rules, in English and in the vernacular, together with a notice showing the standing orders of the factory on the following matters:—

- (a) the time of beginning and ending work on each day;
- (b) the periods of rest fixed under section 21;
- (c) the hours of beginning and ending work for each shift (if any);
- (d) the hours of employment of all persons employed; and
- (e) the weekly holidays fixed under section 22.

68. The abstracts and notice required under rule 29 (3) 67 shall at all times be maintained in a legible condition, and shall be kept up to date. Any change which may be made in the notice, shall be intimated by the manager to the Inspector within seven days.

69. A copy of the notice required under rule 67 29 (2) shall be sent by the manager or occupier to the Inspector within one month of commencing work in a new factory.

70. The notice prescribed in section 33 (1) shall 29A (2) be sent by the occupier or manager of every seasonal factory on or before the date of commencing work for each season.

Alterations  
or extensions  
to a factory.

71. When the manager or occupier of a factory 8 (3) is about to make any considerable alteration or extension in the buildings, works, plant, apparatus, or ways of the factory, he shall notify the Inspector of his intention before the commencement of the work. The Inspector shall thereupon examine the plans or other documents which indicate the nature or details of the proposed alteration or extension, and to consider the methods which are to be followed in making it. If the Inspector is of the opinion that the extension or alteration or the method of making it will involve danger to the health or safety of the

persons employed in the factory, or probable difficulty in conforming with any provision of the Act, he shall so inform the manager or occupier; and the Inspector may, and if the manager or occupier so desire, shall, advise what modification is in his opinion necessary to remove the objection, but shall not advise upon any other subject in connection with the proposed alteration or extension. Advice given under this rule, shall not be held to exempt the manager or occupier from remedying any defects which may later be subject to objection under the Act or the rules.

23 (1) 72. When there occurs in any factory an accident to any person which results in—

Accidents.

- (1) death, or
- (2) such injury that there is probability of death resulting, or
- (3) such injury that there is no reasonable prospect that he will be able to resume his employment within 20 days, or
- (4) the permanent privation of a limb, or
- (5) the permanent loss of sight or hearing;

such accident shall be recorded by the manager or occupier and reported by him within five hours of its occurrence to—

- (a) the Inspector notified for this purpose, and
- (b) the District Magistrate, or, if he by general order so directs, to the Subdivisional Officer.

All such accidents (unless fatal) shall be called in all prescribed communications " Serious accidents."

23 (2) 73. When there occurs in any factory an accident resulting in death, notice shall also be sent by the manager or occupier, within the said time, to the officer in charge of the police-station within the local limits of which the factory is situated.

24 (1) 74. When there occurs in any factory an accident to any person less serious than those described in rule 72, but which prevents or is likely to prevent the person from resuming his employment within 48 hours, such accident shall be recorded by the manager or occupier and reported by him as soon as practicable, but in any case within 60 hours of its occurrence, to the authorities mentioned in clauses (a) and (b) of rule 72. Such accidents shall be called in all communications " Slight accidents."

24 (2) 75. When reports of accidents under rules 72, 73 and 74 are sent by letter, either through the post or by special messenger, they shall be in Form E in the Schedule annexed to these rules, and when sent by telegraph or telephone they shall be confirmed by a written report in that form.

24 (3) 76. When an accident which has been reported to the Inspector as " slight " is afterwards known to be " serious " or " fatal " or when one reported as " serious " is afterwards known to be " slight " or " fatal," the manager shall make the necessary correction in a supplementary report which shall be sent

to the authorities mentioned in clauses (a) and (b) of rule 72.

**Employment  
Register.**

77. In every factory, there shall be kept correctly and up-to-date a register, of which Parts I, II, III and IV shall be in Form G in the Schedule annexed to these rules, of all persons, whether male or female, adults or children, employed. Part I of the register shall include all men, Part II all women, Part III all male children, and Part IV all female children. Such register shall be called in all prescribed communications the "Employment Register." 25 (1)

78. When required by the Inspector there shall be added to the Employment Register in any factory or class of factories the following extra entries in respect of each or any of the persons employed:—

(a) Whether he is employed directly by the occupier (D) of the factory, or through a contractor (C).

(b) In the case of persons whose conditions of employment are contrary to sub-clauses (a), (b), (c), (d) or (e) of rule 61, the number of the Exemption Order authorizing such employment.

79. In all factories wherein any of the processes mentioned in the Schedule of the Act are being carried on the Employment Register shall contain an additional section to be called Part V, in which shall be recorded the names and numbers of all persons engaged in such processes (Scheduled Workers), their periods of employment, and such other information as the Local Government may require by rules made under the Act. 25 (2)

**Children's  
Register.**

80. In every factory where children are employed, there shall be correctly kept an up-to-date and written afresh from 1st January in each year, a Register of Children in Form M in the Schedule attached to these rules. 25 (3)

**Tokens for  
workers.**

81. With the approval of the Local Government, the Inspector may require that every person employed in any factory or class of factories while he is at work shall carry a metal token bearing the same number as that shown against his name in the Employment Register. Such token shall be called in all prescribed communications as the person's "Employment Number Check." It shall be supplied free of cost by the manager of the factory but a charge may be made for renewing it when lost, destroyed or defaced by its bearer. 27 (1)

82. The "Employment Number Checks" of women or children, scheduled workers, or any employed persons or classes of persons, or of persons employed in any specific class of factory, shall bear such additional marks or indications and their use shall be subject to such additional conditions, as may be prescribed by the Local Government by rules made under the Act. 27 (2)

83. The manager of every factory shall maintain a register showing the measurement and cubical contents of each room in the factory, the area of the floor-space in each room occupied by the machinery or other 17 (2)

fixtures, and the area provided for ventilating openings.

(15) 84. The manager of every factory not exempted under rule 30 shall keep a register showing the dates on which the different parts of the factory are lime-washed, painted or varnished. **Limewashing and painting Register.**

(34) 85. The annual return in Form L in the Schedule annexed to these rules prescribed by the Government of India by notification under section 38, shall be submitted in duplicate by managers or occupiers of factories to the Inspector on or before the 15th day of January in each year. **Annual return.**

5 (1) 86. When any premises cease to be occupied as a factory, the manager or occupier shall give notice of the fact and of the date thereof to the Inspector, who shall, if satisfied that the Act is no longer applicable to such premises, exclude them from his register of factories. **Notice of premises ceasing to be occupied as a factory.**

5 (2) 87. An Inspector may, without such notice from the manager or occupier as is prescribed in rule 86, of his own motion, at any time remove any factory from his register if satisfied that it has ceased to be a factory within the meaning of sub-section (3) of section 2: provided that no seasonal factory shall be so removed from the register on account of cessation of working, if there is a probability of its resuming work within a reasonable time. **Exclusion of a factory from the Register.**

29A (4) 88. The manager or occupier of every factory shall furnish to the Inspector, in addition to the returns specified in the Act or in these rules, any returns which may be prescribed from time to time by the Government of India or by the Local Government. Returns made incompletely, incorrectly, or later than the prescribed date, are liable to be considered not to be returns in the meaning of the Act, and to render the manager or occupier who submits them liable to the penalty prescribed in section 41 (j), namely, Rs. 500. **Date or incomplete returns.**

30 (1) 89. A notice of appeal presented under section 50 shall be in the form of a memorandum setting forth concisely the ground of objection to the order and bearing a Court-fee stamp in accordance with article 11 of Schedule II of the Court-fees Act, 1920, and shall be accompanied by a copy of the order appealed against, and shall lie to the following authority, namely:— **Form of appeal.**

(a) in the Burdwan and Presidency Divisions, to a Board consisting of—

- (i) the Commissioner of the Division;
- (ii) the Civil Surgeon of the district; and
- (iii) a nominee for a year at a time of the Bengal Chamber of Commerce;

(b) in any other Division, the Commissioner of the Division:

Provided that, in either case, the appellate authority may, if requested by an appellant to apply the provisions of section 50, sub-section (3), hear the appeal with the aid of two assessors appointed by such authority.

## **PART IX.**

### **Inspectors and Inspection.**

#### **Powers of Inspectors.**

90. An Inspector may, together with such assistants, if any, as he may think fit to bring, enter any place within the area for which he is appointed, which is, or which he has reason to believe to be, used as a factory; and there make such examination of the premises, ways, works, machinery and plant, and of all registers or other prescribed records as may be necessary for the purposes of the Act; and he may take on the spot or otherwise, such evidence of any persons as he may think necessary to examine.

91. In addition to the powers mentioned in rule 90, an Inspector may, subject to any restriction that may be notified by the Local Government with regard to him, exercise such other powers as may be necessary for carrying out the purposes of the Act.

#### **Obstructing an Inspector.**

92. The manager or occupier of a factory shall not obstruct or permit to be obstructed by any person in the factory, an Inspector in the exercise of his duty, and shall not fail to produce on demand by an Inspector any registers or other documents prescribed by these rules; and shall not cancel, or prevent or attempt to prevent, any person employed in the factory from appearing before, or being examined by an Inspector; and shall not withhold such information as the Inspector may require under these rules: provided that no person in any factory shall be required to answer any question of, or to give any evidence to, an Inspector tending to criminate himself.

#### **Duties of an Inspector.**

93. The Inspector shall give to the manager or occupier of every factory within the local limits for which he is appointed, such orders as may be required to bring the factory and the persons therein employed into complete conformity with the Act and these rules.

94. A Register of Factories compiled from information received on Form A shall be maintained by the Chief Inspector of Factories, and an extract giving details of factories for each district shall be sent on or before the 15th February of each year to the District Magistrates concerned. All changes in the list which may be made in pursuance of rules 5, 6, 7, 86 and 87 shall also be intimated to the District Magistrate as and when such changes are made. 3 (1)

95. Every Inspector subordinate to another Inspector shall furnish the latter with all such reports and information as may be necessary to him for the proper execution of his duties. 3 (2)

#### **Responsibilities of Inspectors.**

96. The Chief Inspector shall be primarily responsible for the administration of the Act in all areas of the Province. The extent of the responsibility of each other Inspector, shall be in accordance with the powers conferred upon him as declared by notification under sub-section (5) of section 4. In order that he may satisfy himself that the provisions of the Act and of these rules are duly observed, an inspector shall make such inspections of factories as may appear to be necessary to him, or to the authority to whom he is subordinate. (6)

7 (1)

97. The Inspector shall, at each inspection of a factory, satisfy himself that the provisions of the Act and of these rules relating to the health and safety of the persons employed therein are duly observed; that the children employed in the factory have been duly certified and the prescribed register of children properly maintained; that the hours of employment of all persons working in the factory are properly and continuously recorded in the prescribed register; that the periodical stoppages of work and the prescribed holidays are granted; that the prescribed limits of hours of work are not exceeded; and that the prescribed abstracts and notice are duly maintained and fixed under section 36.

7 (2)

98. The Inspector at each inspection shall enquire, sufficiently to ascertain where the responsibility for their occurrence rests, into all accidents which may have taken place since the last inspection, and shall pass such orders or recommendations as may be proper for the prevention of such accidents. The Inspector shall report in prescribed form all such enquiries made by him, and a copy of the report shall be sent to the manager or occupier of the factory concerned.

7 (3)

99. The Inspector at each inspection shall note how far defects pointed out at previous inspections have been removed, and how far orders or recommendations previously issued have been complied with.

7 (4)

100. As soon as practicable after inspection the Inspector shall report upon such conditions of the factory as are contrary to the Act or to these rules or as may seem to him to require comment. A copy of such report shall be sent to the manager or occupier.

**Report of  
inspection.**

7 (5)

101. Such extracts from the report of an Inspector made under rules 97, 98, 99, and 100, as may be necessary for his information, shall be furnished to the District Magistrate by the Inspector, either directly, or through the Chief Inspector.

Rule 102  
adapted  
from  
Govt. of  
India's  
model  
rule  
No. 8.

102. In the case of factories situated in places coming under the Municipal Act, if it appears that there has been a disregard of the provisions of any Municipal or other Local Act relating to sanitary arrangements, removal of objectionable rubbish, the cleaning and fencing of water tanks or the like matters, the Inspector shall, without prejudice to any action which he is empowered to take under the Act and rules, draw the attention of the Health Officer or Sanitary Inspector of the Municipality to the breach of the sanitary regulations in question.

7 (6)

103. When in any area the District Magistrate or an additional Inspector exercising all or any of the powers of an Inspector, makes an inspection, a copy of his note on the inspection shall be sent to the whole-time Inspector appointed for that area for such action as the latter may think necessary.

**Inspection by  
District  
Magistrate or  
additional  
Inspector.**

104. Pending the execution of an order under rule 93, the Inspector may, when there is imminent danger to human life, prohibit the use of that part of the ways, works, machinery or plant to which the order relates.

**Disuse of  
dangerous plant**

105. Every Inspector shall keep a record of all orders and remarks made by him relating to each inspection.

Inspector  
entitled to  
all relevant  
information.

106. Any certificate, order, letter, report, or other document issued by an Inspector of Factories or other officer duly appointed in this behalf by the Government or by a Municipality or by other public body, with respect to the fitness or safety of the factory or any portion of its buildings, works, plant, machinery, apparatus, or ways, or with respect to the fitness of persons employed in the factory, shall be properly filed, and exhibited by the manager or occupier to the Inspector on his demand. 8 (4)

107. A request by the Inspector for information necessary to establish— 8 (5)

- (a) the observance or otherwise of any provision of the Act,
- (b) the execution or observance of any order of an Inspector, or
- (c) the condition, age, or history of any part of the factory, its plant, machinery, apparatus or ways, so far as such may be an indication of safety or danger in the use of such objects.

if made during an inspection shall be complied with forthwith by the manager or occupier if the information is available in the factory; and if made by letter, shall be complied with by the manager or occupier within seven days from the date of receipt, or as soon afterwards as the information can be obtained.

Appeal  
against an  
order of an  
Inspector.

108. Any person on whom an Inspector has served one or more of the following orders, may within 14 days from the receipt of such order or orders, appeal in the form prescribed in rule 89, to the Commissioner. The appellate authority may confirm, modify or reverse the order or orders:—

- (a) An order specifying the measures to be taken to remove conditions of danger which the Inspector considers to exist in contravention of rules 8, 9 or 10.
- (b) An order to provide fencing, or its equivalent, which the Inspector considers, to be required under rules 13, 14, 15, 16, 17, 18, or 19.
- (c) An order specifying the means of escape which the Inspector considers should be provided in case of fire as required by section 16 of the Act.
- (d) An order specifying the measures to be taken to avoid any injurious effect of gases, dust or other impurities which the Inspector considers to be required by rule 22.

(e) An order specifying measures for such purifications of water used for artificial humidification of the atmosphere as the Inspector considers to be required by rule 24.

(f) An order specifying measures for the attainment of the standard of lighting which the Inspector considers required by rule 12.

(g) An order prohibiting the presence in a factory or in any part of a factory, of children whose age is less than that at which they may be legally employed in a factory, which the Inspector considers to be required under section 19A.

30 (2) 109. When an appeal against the order of an Inspector is presented under rule 108, the appellate authority may, and if so requested by the appellant in his petition of appeal shall, hear the appeal with the aid of two assessors.

30 (3) 110. When assessors are to be employed in the hearing of an appeal against the order of an Inspector, the appellate authority shall call upon the body which is considered most representative of the industry concerned to appoint one of the assessors within a period of 14 days. When such assessor has been so appointed, the appellate authority shall appoint the other assessor; and shall then fix the place, day and time for hearing the appeal, of which due notice shall be given to the appellant and to the Inspector against whose order the appeal has been presented, and shall call upon the two assessors to appear and assist in the hearing of the appeal at the appointed place and time:

Provided that if no assessor is appointed by the aforesaid body within the prescribed period, or if the assessor so appointed fails to attend at the appointed time and place, the appeal may be heard without such assessor, or, if the appellate authority thinks fit without the aid of any assessor.

30 (4) 111. An assessor appointed under rule 110 shall receive a fee of Rs. 32 for assisting in the hearing of the appeal. Such fees shall be paid by the Local Government, except that in cases wherein the assessors have been appointed at the request of an appellant against whom the appeal is decided wholly or partly, the appellate authority may direct that the fees shall be paid wholly or in part by such appellant.

112. When an appeal is presented against the order of an Inspector, unless it is an appeal under clause (a) of rule 108, the appellate authority may, on the application of the appellant, suspend the operation of the order of the Inspector pending the decision of the appeal; but where no such suspension has been granted, the Inspector's orders shall be complied with notwithstanding that the appeal against it has been presented.

Suspension  
of orders  
while under  
Appeal

It is ordered that the rule 1 in Chapter VI, rules 6, 14, 15, 16, 20, 21, 25 (a) and in Chapter X and rule 1 in Chapter XX relating to Chamber business, List of Suits, Motions and Rules Nisi of "The rules of the High Court 1914" be amended as follows and that rule 6 in Chapter VII, rules 21 and 22 in Chapter X and rule 2 in Chapter XX be repealed with effect from the 13th November 1922:—

#### CHAPTER VI (CHAMBER BUSINESS).

1. One Judge will sit in Chambers every week day unless notice to the contrary be previously given, and all applications in Chambers shall ordinarily be made to that Judge only. Where a suit appears in the Warning List of any particular Court applications in Chambers in such suit shall be made to the Judge presiding over such Court.

#### CHAPTER X.

6. There shall also be kept in the Registrar's office three lists of defended suits ripe for hearing, to be called—

Prospective List A for commercial causes.

Ditto B for liquidated claims.

Ditto C for other suits.

14. Any suit in any of the Prospective Lists may be marked as a short cause, and set down at the top of the Peremptory List of defended suits of such Court as the Judge or Judges sitting on the Original Side shall by general or special order direct subject to any part-heard or specially fixed case, where the parties agree and counsel on each side certify that the trial will not, in their judgment, occupy more than an hour, or where a Judge so directs.

15. Where any suit, standing in the General Cause List or in any of the Prospective Lists, is settled, and the parties require only an order for taxation of the costs, it may, on requisition to the Registrar, be set down in the Peremptory List of undefended suits with a note against it "Settled".

16. Where it is desired to postpone a suit which is about to be set down in the Peremptory List of defended suits for hearing, application for postponement of the hearing may be made to the Registrar on requisition in writing signed by all the parties who have appeared. Such requisition shall be submitted to the Judge in whose Warning List the suit has appeared or to the Senior Judge sitting on the Original Side if the suit does not so appear and such order shall be made thereon as to the Judge may seem fit.

20. For each Court sitting in the exercise of Original Civil Jurisdiction, a Peremptory List of defended suits shall be prepared for every working day; and shall be supplied with the necessary number of defended suits, from the Prospective Lists.

24. Besides the Peremptory List of defended suits, three other Peremptory Lists, namely, "the Peremptory List of Undefended Suits", "the Peremptory List of Motions" and the "Special Peremptory List" shall be prepared as from time to time directed for the Court or Courts taking motions.

#### CHAPTER X.

**Rule 25 (a).**—Where a sole defendant has or all the defendants being *sui juris* have failed to enter appearance, (b) or where in cases under O. XXXVII of the Code has or have failed to obtain leave to defend or a direction under Chapter XII, rule 6, has been given, or where an order has been made for the transfer of the suit to the undefended list, the suit shall, unless otherwise ordered, be set down in the Peremptory List of undefended suits in case (a) on the first motion day after the expiry of the time for entering appearance, and in case (b) on the first motion day, as the case may be, after the date of the direction or the filing of the order and the expiry of the time or the non-compliance with the terms of the order.

**Rule 26.**—Suits and proceedings, which have not appeared in the Prospective List within six months from the date of institution, may be placed before a Judge in Chambers, on notice to the parties or their attorneys, to be dismissed for default unless good cause is shown to the contrary, or be otherwise dealt with as the Judge may think proper.

CHAPTER XX.

**Rule 1.**—One or more days in the week shall, from time to time, be fixed for the hearing of motions by the Court or Courts taking motions. Motions shall ordinarily be made to such Court or Courts on the days so fixed.

#### Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

## ANNUAL REPORT OF THE ROYAL BOTANIC GARDEN AND THE GARDENS IN CALCUTTA AND OF THE LLOYD BOTANIC GARDEN, DARJEELING, FOR 1921-22.

### ROYAL BOTANIC GARDEN.

1. **General.**—Owing to the severe drought that prevailed during the latter half of the year under review many plants in the open suffered severely and a certain number have died. The rain that has since fallen will however prevent more casualties. During February and March, when the garden was at its driest, an unusual number of fires broke out, no doubt caused by unextinguished cigarette and match ends being carelessly thrown down by visitors on the very dry fallen leaves and herbage. One of the fires damaged several of the Debdar trees in the King Avenue, otherwise they were got under.

The roads in the garden generally are not in a very satisfactory condition from causes referred to in previous reports. Considerably more expenditure than the garden finances at present permit would be necessary to make the roads permanently fit to withstand the motor traffic that taxes them so heavily in these days.

During the year a length of over 370 feet of the river bank was revetted with bricks and concrete, bringing the total length so far embanked up to nearly a thousand feet west of the landing stage. Almost as much still remains to be done to complete the scheme of protection. The landing stage and pontoons were overhauled and repaired by the Public Works Department.

The contents of all the plant houses in the public part of the garden were overhauled during the rains and replanting done where necessary. Some thirty plants were planted out in the open, the majority of them being Indian species hitherto unrepresented in the garden.

The development of the economic garden remains in abeyance, owing to the paucity of staff.

The display of cold weather annuals and of orchids was about equal to the average of past years.

**2. Plant and Seed Exchange.**—Nearly 42,000 plants were distributed, of which over 15,000 were trees for roadside and other planting, and nearly 18,000 were shrubs sent out to Government Institutions, District Boards and Municipalities. The balance was made up of climbers, ferns and sun annuals. Out of the total, over 31,000 were distributed within Bengal.

Over 1,500 plants were received, chiefly orchids. Over 300 packets and nearly 400 pounds of seeds were distributed, including over 300 pounds for the new capital at Delhi. About 160 packets of seeds were received, also two barrels of mahogany seed from Kew and a large quantity of palm seed from Mr. R. S. Lister of Pashok Tea Estate. The range of distribution of the seeds sent out was, as usual, practically worldwide.

**3. Herbarium and Library.**—Owing to the absence on leave of the permanent Curator for the greater part of the year, the effective scientific staff consisted only of two officers, Messrs. Debburman and Narayanswami, of the Botanical Survey Department. Over 2,000 specimens were added to the collection and nearly 8,000 sheets from previous collections were incorporated in the cabinets. The chief contributions were Malayan plants from the Botanic Gardens, Singapore, South Indian from Mr. C. E. C. Fisher, I.F.S., and Dr. Annandale, Director of the Zoological Survey of India, Western Indian from Mr. Bhalerao and Mr. Saxton, Burmese from Mr. A. Rodger, I.F.S.

Over 5,000 specimens were distributed mostly on loan to various botanists to assist in their researches.

**4. Publications.**—Distribution of Part II of Vol. XII of the Annals of the garden was begun during the latter half of the year and is now in progress.

**5. Financial.**—The revenue amounted to Rs. 4,811, mostly from rent of the foreshore for timber storage. There was a saving of Rs. 12,201 on the total allotment of Rs. 1,37,921, partly on establishment, partly on contingencies.

**6. Staff.**—The Superintendent and the Curator of the garden were in charge of their respective posts throughout the year. Mr. C. C. Calder was Curator of the Herbarium up to the 25th June 1921, when he went on leave Mr. P. M. Debburman thereafter officiating to the end of the year. The duties of the Assistant Curator of the garden were performed in succession by Messrs. N. Mitra, A. Brayton, L. G. Richards and W. V. Norb. Mr. M. Jones was Overseer throughout the year and Mr. S. N. Basu from the 1st February 1922.

The two senior members of the clerical staff retired during the year Babu D. N. Basu, the Head Clerk, on the 24th December 1921 after almost 41 years' service and Babu R. P. Banerjee, Second Clerk and from the 7th

Head Clerk, on the 11th February, after almost 39 years' service. Both officers have been faithful and willing servants of Government throughout their time. Babu S. K. Mitra was appointed Head Clerk from the 12th February 1922. All officers and the clerical staff have performed their duties satisfactorily.

### **CALCUTTA GARDENS.**

Work in these gardens was conducted on the usual lines throughout the year. In addition the garden staff gave considerable assistance in laying out and planting the flower beds around the Victoria Memorial and in furnishing ornamental plants on the occasion of the visit of His Royal Highness the Prince of Wales. In the Dalhousie Square garden His Royal Highness was presented with an address by the Corporation of Calcutta on his arrival in the city.

The Assistant Curatorship of the Calcutta gardens, which has been vacant for several years, was filled by the appointment of Mr. N. Mitra on the 1st February 1922, Mr. S. N. Basu having officiated up to that date. The revenue was only Rs. 78, derived from fishing permits for the Dalhousie Square tank. The allotment of Rs. 34,082 was practically all expended.

### **LLOYD BOTANIC GARDEN, DARJEELING.**

The drought which injuriously affected the gardens in the plains was no less pronounced in the hills and a considerable number of plants in the Lloyd Botanic Garden have been lost. The general appearance of the garden however has not suffered materially. During the year over 1,000 plants, over 2,200 seedlings, over 430 tubers and over 180 packets of seed were distributed. The number of visitors was almost 50,000. The allotment of Rs. 13,646 was expended in full.

Mr. W. V. North officiated as Curator until the return from leave of Mr. G. H. Cave, the permanent incumbent, on the 20th March 1922.

# SIXTIETH ANNUAL REPORT

## OF THE

### GOVERNMENT CINCHONA PLANTATIONS AND FACTORY IN

#### FOR THE YEAR

#### 1921-22.

1. **General.**—The last six months of the year under review were characterised by great drought. From the end of September 1921 to the end of March 1922 only 2.86 inches of rain fell on Mungpoo plantation and scarcely any on Munsong, with the result that almost every stream had run dry before the end of the financial year and great difficulty was experienced in supplying water to the nurseries, gangs of coolies having to be employed to carry water from a distance. The factory had to cease working early in March from lack of water to drive the turbines and later on even the supply to the laboratory failed. On Munsong, where the normal rainfall is considerably less than on Mungpoo, the drought played havoc with the young plants planted out last year, and extensions there were under the circumstances 'on of the question.

On Mungpoo Mr. Osborne, the Manager, experimented with green manures and various species of shade plants, but definite conclusions cannot yet be formulated. An attempt was also made on a small scale to plant in the autumn, before the end of the rains, seedlings that had been sufficiently developed during the rains by transplanting from seed beds at once into field nurseries with the seedlings 4 inches by 4 inches apart. The extraordinary drought that followed of course completely annulled the experiment. The boring beetle and *Illopetia* pests gave considerable trouble, but were countered by burning the affected wood, after denuding it of bark, in the one case, and by clean cultivation combined with handpicking in the other. The percentage of quinine in plantation bark continues to rise, especially in the Ledger bark. In actual factory working Mungpoo Ledger has, on the year's harvest, yielded an average of 5.53 per cent. of quinine sulphate. As the average yield of the Java bark worked up during the year on behalf of the Government of India is 5.73 per cent. Mungpoo Ledger lags little behind such Java bark. The average yield of Munsong Ledger was 4.86 of quinine sulphate. This at first sight compares unfavourably with the Mungpoo percentage, but it has to be borne in mind that the Munsong bark, being entirely from "coppiced" blocks, contains none of the richer root bark which is contained in the Mungpoo harvest. The mixture of root, stem and branch bark derived from a considerable number of trees uprooted, for purposes of block valuation, from 5 to 6 years old blocks, on Munsong, have yielded from 5 to 6 per cent. of quinine. There is therefore good reason to suppose that when the coppiced areas are again harvested and the root bark then collected the Munsong percentage will approximate to that of Mungpoo.

The quinine percentage of the hybrid bark of *Cinchona Ledgeriana* X *macraura* varies from 3.81 to 3.91. This is a decided increase over the average percentage yielded in past years, but is still inferior to the Ledger yield and has, so far, despite continuous seed selection for over the last 15 years, failed to respond to the degree hoped for as regards improvement in quinine percentage. To a certain extent it makes up for this by its more robust habit and greater yield of bark. Being more robust than *C. macraura* it can be cultivated in parts of the

possessions where pure Ledger would not be likely to hold out, and to that extent the hybrid is worth keeping in cultivation. The total acreage under the hybrid is about a ninth of the total acreage under Cinchona. In this connection it may be of interest to note that on the Dutch Government plantations in Java this hybrid forms only about one-fortieth of the total number of cinchona trees in cultivation.

The general quinine situation is still controlled by the Dutch Combine. Although at the end of 1921 the wholesale rate fell from the equivalent of Rs. 48 to Rs. 36 per pound, it is still thrice the immediate pre-war rate. One result of the relatively high price of quinine has been to direct attention in various parts of the world to the possibility of introducing the cultivation of Cinchona. Applications for seed and information as to conditions and methods of cultivation have been received from such widely separated places as Kashmir, Rhodesia, Nyasaland and New Guinea, and seed and information have been supplied. Another result has been a great increase in the consumption of cinchona febrifuge. From 1875 to 1887 this was the sole product manufactured, reaching its greatest output in 1881-82, when nearly 11,000 lbs. were issued. Although the two Commissions appointed by Government in the sixties of last century to investigate the therapeutic values of the cinchona derivatives had concluded that cinchona febrifuge, which was then a mixture of the alkaloids of *Cinchona succirubra*, gave as good results as quinine in the treatment of malaria and had then the advantage of being vastly cheaper than quinine, yet popular opinion and the medical profession generally began latterly to entertain a prejudice against it or at least a preference for quinine. Quinine was also favoured by the steady fall in its price from over Rs. 160 in the seventies of last century to Rs. 8 per lb. in 1910, and by 1912-13 sales of cinchona febrifuge had fallen to almost 1,600 lbs. The Cinchona Department had to adjust itself to this change by cultivating less and less of *C. succirubra*, the source of the original cinchona febrifuge, and more and more of *C. Ledgeriana*, the quinine-yielding species. From 1903 the small demand that still existed for cinchona febrifuge was met by utilising the residue of mixed alkaloids, including a proportion of quinine, left after the extraction of quinine from *C. Ledgeriana*. A small acreage of *C. succirubra*, at present amounting almost to 90 acres, has however all along been kept in cultivation, so as to ensure the possibility of its cultivation being extended when the merits of its mixed alkaloids were rediscovered by the medical profession in general.

A good few years ago, when the relative merits of cinchona febrifuge and quinine were under discussion by the Government of India, the writer of this report advocated the extension of *Cinchona succirubra* as a source of an increased supply of cinchona febrifuge, not to supplant but to supplement the supply of quinine. The prejudice or preference already mentioned, however, was still too strong and no encouragement was forthcoming. There is now reason to suppose that the advocacy would meet with support, for the researches of Major H. W. Acton, I.M.S., into the chemistry and therapeutics of the cinchona derivatives go to show that in the milder attacks of malaria constituting a large proportion of cases, cinchona febrifuge is as efficacious as, if not more so than, quinine and confirm, on a much broader basis of investigation the views held on purely clinical experience by distinguished officers of the Indian Medical Service in the sixties and seventies of the last century. The average annual sale of cinchona febrifuge for the last five years is almost 14,190 lbs. or eight times as much as in 1912-13, and much in excess of the maximum ever issued when it was the sole factory product. It is impossible for the Cinchona Department to meet this demand merely by the by-products of the manufacture of quinine from *Cinchona Ledgeriana*. If the demand continues at the present rate or increases, it would be necessary to extend the cultivation of *C. succirubra*. This extension the Cinchona Department is prepared to undertake if the medical profession is likely to return to the use of cinchona febrifuge on a fairly extensive scale. It should however be remembered that Cinchona is not an annual crop and that the Cinchona Department does not possess a magic wand to wave over a few

hundred acres of land and make a forest of red back rubber trees, as  
instantly.

2. **Extensions, Acreages and Crops.**—(1) **Mungpoo.**—Rainfall, confined to the first half of the year, was 113.88 inches. Extensions were 70 acres of *C. Ledgeriana*. The harvest was got by cutting out 29.5 acres (26.8 *C. Ledgeriana*, 2 *C. Ledger x succirubra*, 0.7 *C. succirubra*) and amounted to 180,502 lbs. The average age of the acreage cut out was 7 years, so that the total average yield per acre over that period is 6,118 lbs. This is the highest yield ever given by the Bengal plantations and considerably exceeds the highest estimate so far entertained for a period of even 10 years. At the end of March 1922 there were 851 acres with a full complement of Cinchona. Near Rungbee 60 acres that had been cleared of Cinchona were planted with mixed fuel and timber trees.

(b) **Munsong.**—Rainfall was only 85.83 inches, almost entirely confined to the first half of the year. Owing to the abnormal conditions already mentioned extensions were held in abeyance and work concentrated on filling in the large number of vacancies caused by the drought in the previous year's planting. The harvest was got by coppicing 261 acres and amounted to 394,560 lbs. of which 304,560 lbs. were *C. Ledgeriana*. The average age of the acreage cut out was 7 years, and the average yield per acre in terms of completely cut out acreages was 2,650 lbs. At the end of the year the total acreage under a full complement of Cinchona was 2,277 acres. About 48 acres of cleared land were planted with fuel and timber trees.

(c) **Plantations as a whole.**—The total area under cinchona is 3,126 acres, of which about two-thirds are under six years of age.

3. **Factory work.**—The factory used up 510,160 lbs. of bark (233,914 of Mungpoo and 276,246 of Munsong) and produced 22,713 lbs. quinine sulphate 6,712 lbs. cinchona febrifuge, 17½ lbs. quinine hydrochloride and 4 lbs. cinchonidine sulphate or a total of 29,446½ lbs. In addition it produced from the Java bark purchased by the Government of India 21,541 lbs. quinine sulphate and 5,976 lbs. cinchona febrifuge. The total production of quinine sulphate both provincial and imperial, was 44,254 lbs. and total products from all sources 56,963½ lbs. The yield of quinine sulphate is about equal to 91 per cent. of the bark contents as determined by analysis.

4. **Cost and value of plantation bark.**—The Mungpoo harvest of 180,502 lbs. at 3.6 annas per lb. cost Rs. 40,613. Its value on its average quinine percentage of 5.4 and a unit rate of 1.5 anna is Rs. 91,379. In other words, the value of the produce of 29½ acres cut out more than covers the entire expenditure during the year on the whole plantation of 851 acres of cinchona and over 3,000 acres of afforested land. The Munsong harvest of 394,560 lbs. at 2.7 annas per lb. cost Rs. 66,582. Its value on its average quinine percentage of 4.74 and unit rate as above is Rs. 1,75,332 which much more than covers the year's expenditure on the whole plantation. The total cost of the harvest was Rs. 1,07,195 and its value Rs. 2,66,711.

5. **Cost and value of quinine produced.**—(a) **Cost in the bark.**—The 22,713 lbs. of quinine extracted were contained in 510,160 lbs. of mixed Mungpoo and Munsong barks, which cost (233,914 lbs. at 3.6 annas and 276,246 at 2.7 annas per lb.) Rs. 99,247. The cost per lb. of quinine in the bark was therefore Rs. 4.36.

(b) **Cost of extraction, packing and delivery to railway.**—The gross charges are the total direct expenditure on the factory (Appendix D) plus its share of the general charges and depreciation for machinery and buildings, i.e. all Rs. 1,23,689-8. From this have to be deducted Rs. 40,352-11, made up of Rs. 25,376, the cost of extracting 12,688 lbs. of cinchona febrifuge, both provincial and imperial, at Rs. 2 per lb. and Rs. 14,976-11, the cost of chemicals, oil and stores purchased during the year but not used up. Net charges are therefore Rs. 83,336-13, which cover the extraction of 44,254 lbs. of quinine both provincial and imperial. The extraction rate is therefore rather less than, but taken at, Rs. 2 per lb. This is a big drop from Rs. 3.56, the cost last year, and is due to the much larger output of quinine in 1921-22.

(c) **Total cost per lb. and value.**—Total cost is Rs. 4.36 plus Rs. 3.00, Rs. 7.36 per lb. At Rs. 36, the present wholesale rate, the 22,713 lbs. of provi

**SALES AND ISSUES, 1921-22.**—The sales are shown in tabular form in Appendix G. In that table the total quantity of quinine does not include 57 lbs. issued direct from the factory to the plantation dispensaries and as samples. On the other hand, the quantity of cinchona febrifuge, 13,188 lbs. does include, in addition to the total output of the factory from provincial bark, 5,376½ lb. extracted from Government of India bark, and 1,100 lbs. purchased by the Public Health Department direct from the Madras Cinchona Department. Rates were for quinine Rs. 48 to Rs. 50 per lb. for the first eleven months of the year, thereafter Rs. 36 to Rs. 38 per lb. For cinchona febrifuge the rates were respectively Rs. 10 to Rs. 12 and Rs. 8 to Rs. 10 per lb. for the same periods. Quinine in tablet form was sold at the rate of Rs. 43½ per lb.

**7. Expenditure and receipts.**—The total expenditure on the department was Rs. 3,33,514-3. The total receipts, including Rs. 179-12 received direct, were Rs. 15,40,613-2-8, of which Rs. 5,88,848-8 were credit and Rs. 9,51,764-10-8 cash. Of the latter Rs. 2,60,244-7-6, being half the sum realised from the sale of quinine treatments, were credited to the Prisons Department, in accordance with the orders issued in 1918, to meet the charges incurred by the Prisons Department in connexion with the conversion of purified quinine into treatments and the distribution of the latter. In 1918-19 the Prisons Department was credited with Rs. 1,65,180-2 to meet charges in connexion with the conversion and distribution of 12,77½ lbs. 14 oz. purified quinine, which works out at almost Rs. 13 per lb. as against Rs. 6·85, the then cost of manufacture per lb. of the purified quinine. For 1921-22 the Prisons Department has been credited with Rs. 2,60,244-7-6 to meet charges in connexion with the conversion and distribution of 11,042 lbs. of pure quinine, which works out at Rs. 23½ per lb. as against Rs. 6·36 per lb. for manufacture of the same, including packing and distribution to the railway. Deducting this amount and crediting the Cinchona Department only with that proportion of the total receipts shown in Appendix B as receipts for the sale of cinchona febrifuge corresponding to the total amount manufactured during the year, the net receipts come out at Rs. 12,15,609-7-2 and the surplus at Rs. 8,82,095-4-2.

**8. Quinine reserve and stock account.**—The reserve had sunk at the end of the year to 28,538 lbs. 6 oz. In the stock account the mistake of including in the provincial stock cinchona febrifuge belonging to the Government of India, which originated with the closing balance of stock of this drug in the report for 1919-20, has been corrected. The total value of stock at the end of the year was Rs. 9,70,441-10-5, of which quinine worth at least Rs. 8,56,151-4 was the chief item.

**9. Stock account.**—The cinchona trees were revalued at a rate lower by 25 per cent. than last year's rate to correspond with the reduction in the price of quinine. This has more than counterbalanced the bark increment of the year, so that the plantations are taken at last year's value less Rs. 74,894. See Appendix F for details.

**10. Profit and loss valuation.**—This is shown in Appendix E. There is a valuation profit balance of Rs. 5,13,691-0-3.

**11. Land rent.**—The rent collected from settlers on Mungpoo was Rs. 5,062-14 paid into the Dacjeling Treasury. The grazing fees collected on Munsong were Rs. 952-5-6 paid into the Kalimpong Sub-Treasury to the credit of the Forest Department.

**12. Staff.**—For the first time for a good number of years the staff of the department from near the end of the year has been almost at full strength. It would take up too much space to enumerate the entire staff and the various internal changes in postings. Sufficient to state that all the executive officers of both factory and plantations have worked with their customary praiseworthy goodwill and energy to which the prosperous condition of the department bears witness.

**13. Medicinal plants other than Cinchona.**—The number of *Ipecacuanha* plants has now increased to almost 113,000. It is proposed to begin the experimental extraction of Emetine during the coming year. The crop of *Digitalis* was 1,200 lbs. of dry leaf.

## DEPARTMENT OF AGRICULTURE

### Preliminary Forecast of the Bhadoi Crops of Bengal, 1922-23.

[Note.—On an average of the five years ending 1920-21, the area under autumn rice in Bengal has represented about 75 per cent. of the total area under rice in British India.]

**of the Season.**—The long spell of drought, which prevailed from November last year to end of May this year, was unfavourable for preparatory tillage and for the sowing of the crops. As a result, the area under these crops has been much reduced especially in the eastern districts. The rainfall in April and May, though greatly defective, somewhat improved the situation and sowings proceeded briskly towards the end of May. The rainfall in June, was generally beneficial to the growth of the crops. In July, the rainfall was moderate except in North Bengal where the fall was generally heavy towards the latter part of the month. Consequently the rise of the rivers caused some damage to the ripe autumn paddy in lowlying tracts in East and North Bengal. The August rainfall was a little defective in North Bengal but was markedly in excess in the western and less so in the eastern districts. Considerable damage has thus been caused to the low land crops by floods in certain districts of West Bengal, Midnapore, Bankura, Howrah, and Hooghly being the worst sufferers. On the whole, a fair crop is expected on the low lands and a satisfactory one on the high lands.

**Area.**—The total area sown with the different *bhadoi* crops this year is reported to be 5,922,800 acres as against 6,393,500 acres and 6,477,000 acres respectively in the corresponding and final forecasts of last year. Of this, the area under autumn rice is estimated at 5,126,700 acres as against 5,542,200 and 5,607,300 acres respectively in the corresponding and final forecasts of last year.

**Yield.**—According to the District Officers' estimates, the outturn of the different *bhadoi* crops for the Province works out at 76 per cent. of the normal as against 81 and 85 per cent. reported, respectively, in the corresponding and final forecasts of last year. Autumn rice, the most important of the *bhadoi* crops, yields an outturn of 76 per cent. of the normal for the Province this year as against 81 and 85 per cent. in the corresponding and final forecasts of last year.

	Shaded fruits and vegetables, including root-crops.	1,100	1,700	1,500	54	51	Inter-planting of April to June.	The decrease in area is due to want of rain at sowing time. Since the sowing till the end of May the weather conditions were quite unfavourable for germination and growth. For June, however, the conditions were favourable but owing to flood which caused some damage, the weather again was unfavourable in the Kachia at M. herpar subdivisions.

	Shaded fruits and vegetables, including root-crops.	2,000	1,500	2,100	67	58	May to June.	The decrease in area is due to drought at sowing time. The late but continuous shower of rain hampered the sowing operation and subsequent heavy rain was not beneficial to the growth of the crops and retarded weeding. The damage caused by excessive rain and flood is estimated at about 42 per cent.
	Other shaded food-crops.	5,000	2,500	2,500	57	50

	Total ...	148,300	123,200	120,200	67	98	

The decrease in area is due to want of timely rain during the sowing season. The weather was not favourable during sowing time. The outturn is expected to be below the normal owing to damage caused by drought at the beginning and by heavy rain subsequently, except in the Mysore, Sharda and ... subdivisions.

The decrease in area is due to want of rain at sowing time. The weather was dry at sowing time. The weather was somewhat favourable at present. Damage was done by prolonged drought at the beginning and by excessive rain later on.

The decrease in area is due to prolonged drought at sowing time. The unusually early start of the monsoon and subsequently continuous rain caused the ploughing and sowing. A good outturn is expected on account of the copious and continuous rain after sowing.

The decrease in area is due to want of rain.  
The weather has not been generally favourable. Some damage to crops has been caused by drought in Kishoreganj division.

The decrease in area is due to want of rain at sowing time.  
The weather has been unfavourable. Crops were seriously damaged by frost at the beginning and by heavy rain a sudden rise of water afterwards. The outturn is much below the normal.

The decrease in area compared with last year is due to unfavourable weather at sowing time.  
The excessive rain in June and July has caused much damage to crops and the outturn is therefore below the normal.

The weather has been fairly favourable.  
The outturn may be normal if not happens unfavourable till the time harvesting.

The decrease in area is due to want of rain at sowing time.

At sowing time the weather was favourable but subsequently in better excessive rain and floods caused some damage. The outturn therefore expected to fall below normal.

- (b) Descriptive Geometrical Drawing.
- (c) Drawing from models.
- (d) Design of machine elements.

Physics shall include—

- (a) General properties of matter.
- (b) Heat and technical thermodynamics.
- (c) Electricity and Magnetism, including Electro-mechanics.
- (d) Light.

Chemistry shall include a general knowledge of the subject, with special reference to—

- (a) Technology of water—determination of hardness and softening process.
- (b) Fuel—determination of calorific power of different technical fuels.
- (c) Chemistry of combustion.
- (d) Lubricating oils—determination of viscosity, flash point and suitability for different purposes.
- (e) Chemistry of technically important metals with special stress on iron and steel.

## COURSE B.

I. Pure Mathematics	Two papers.
II. Applied Mathematics	Do.
III. Drawing	One paper, including Practical Examination.
IV. Physics	Three papers and two Practical Examinations.
V. Chemistry	One paper and a Practical Examination.

**Pure Mathematics shall include—**

- (a) Analytical Geometry (Plane).
- (b) Analytical Geometry (Solid).
- (c) Vector Analysis.
- (d) Differential Calculus.
- (e) Integral Calculus.
- (f) Differential Equations.

**Applied Mathematics shall include—**

- (a) Statics.
- (b) Dynamics.
- (c) Hydrostatics.
- (d) Hydrodynamics.
- (e) Elasticity.
- (f) Strength of Materials.

**Drawing shall include—**

- (a) Tracing.
- (b) Descriptive Geometrical Drawing.
- (c) Drawing from models.
- (d) Design of machine elements.

**Physics shall include—**

- (a) General properties of matter.
- (b) Heat.
- (c) Electricity and Magnetism.
- (d) Light.
- (e) Sound.

**Chemistry shall include—**

Physical Chemistry.

Candidates will be expected to possess a knowledge of the general principles of Chemistry.

**COURSE C.**

B. D. HAJARA, Addl. Co

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Eastern Bengal Railway in the district of Rajshahi, will be put up to sale at 12 o'clock on Wednesday, the 6th November 1922, corresponding with the 22nd Kartick 1329 B. S., at Nator Subdivisional Office.

The purchasers of the several plots of land will be subject to the following conditions:—

- 1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.
- 2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.
- 3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.
- 4th.—The plots of land will be sold revenue-free to the highest bidders.
- 5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

### Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenue, Imperial Secretariat Buildings, Calcutta.

## DEPARTMENT OF AGRICULTURE, BENGAL.

### First Forecast of the Winter Rice Crop of Bengal, 1922-23.

[Note.—On an average of the five years ending 1920-21, the area under Winter Rice in Bengal has represented some 19·7 per cent. of the total area under rice in British India.]

**Character of the season.**—The season at the outset was dry, but good rainfall towards the end of May accelerated the preparation of the land. The broadcast paddy also somewhat recovered from the evil effects of the drought in the beginning of the season. The monsoon which became established early in June further improved the broadcast paddy, facilitated the transplantation of *aman* and helped on the growth of the deep-water paddy in Eastern Bengal. In July moderate rainfall alternating with sunshine was highly beneficial to all varieties of the crop facilitating weeding and transplanting operations. Except in North Bengal the rainfall in August was excessive and markedly so in the Western districts where the crops suffered badly in places from the floods. The rise of the rivers was also responsible for some damage to broadcast paddy on the lowlands in the Eastern and Northern districts. The present weather conditions are favourable. The prospects so far are good for the transplanted variety and fair for the broadcast paddy.

**Acresage.**—According to the figures returned by the District Officers, the total area under winter rice is 15,574,500 acres, as compared with 15,187,000 and 15,850,200 acres in the corresponding and final forecasts of last year.

**Outturn.**—From the summary of the district returns appended it will be seen one district expects a bumper crop, six districts normal, 17 districts 92 to 80, and four districts 75 to 54 per cent. of the normal crop. According to the above estimates the provincial outturn works up to 92 per cent. as against 88 and 96 per cent. of the normal respectively in the first and the final forecasts of the last year.

# FINAL FORECAST OF THE JUTE CROP, 1922.

## Consolidated statement for Bengal, Bihar and Orissa, and Assam.

**Area.**—The estimated area for the three Provinces is 1,455,806 acres, a decrease of 62,552 acres on last year's figures.

**Yield.**—It is estimated that the crop will yield 4,236,828 bales of jute, an increase of 171,519 bales on last year's returns.

**Remarks.**—Last year's estimates for Assam have been revised by the local Department.

# DEPARTMENT OF AGRICULTURE, BENGAL.

## Final Forecast of the Jute Crop of Bengal for 1922.

NOTE.—On an average of the five years ending 1920-21, the area under jute to which this forecast relates represents some 88·2 per cent. of the total area under jute in British India.

**Season.**—As indicated in the preliminary forecast, the weather was exceptionally dry during the earlier part of the year hampering sowing operations and seriously interfering with the growth of the early sown crop. In July seasonable rain fell with a slight excess in North Bengal and weeding operations were carried on favourably in the *deshi* districts. The late sown crop, on the other hand, fared well, especially on the high lands of East and North Bengal. The rise of the rivers towards the latter part of the month adversely affected the crop in certain low-lying areas and caused premature harvesting in those tracts. The rainfall in the first week of August was heavy in parts of West Bengal causing damage to the jute plants on low lands, the districts which suffered most being Murshidabad, Howrah and Midnapore. In Eastern Bengal good rainfall during this month facilitated the steeping and washing operations generally.

**Condition of the crop.**—During the early part of the year the low land crop in Eastern and Northern Bengal suffered through unusually dry weather, but subsequently, as the result of seasonable rainfall, the crop recovered from the effects of the prolonged drought. The high land crop, on the other hand, continued to prosper up till the harvesting period. The condition in the *deshi* districts is poor, more particularly in certain low-lying tracts, but elsewhere prospects are generally fair.

**Acreage.**—The area under jute is returned at 1,218,908 acres, a decrease of 110,282 acres or 8 per cent., as compared with last year's final figures. The decrease is attributed mainly to drought at the sowing season and in a minor degree to the low price obtained for the three preceding crops; and also to the comparatively high price of food-stuffs which induced cultivators to grow more paddy in place of jute.

**Outturn.**—As in previous years the percentage figures are calculated on the basis of divisional normals, which remain as follows:—Dacca and Chittagong 3·7 each, Rajshahi 3·5, Presidency and Burdwan 3·2 bales per acre.

The total outturn of the crop is returned at 3,577,784 bales of 400 lbs. as against 3,605,991 bales in last year's forecast a decrease of 28,207 bales.

DISTRICT.	ESTIMATED AREA UNDER JUTE.		ESTIMATED OUTTURN AS A PERCENTAGE OF THE NORMAL YIELD PER UNIT OF AREA.		ESTIMATED TOTAL YIELD.		Date by which harvesting generally commenced, and whether that date was early, normal or late.	REMARKS BY DISTRICT OFFICE.

1	2	3	4	5	6	7	8	9
	Acres.	Acres.			Bales.	Bales.		
24-Parganas ...	24,178	20,426	73	81	88,873	81,413	End of August. Normal.	The increase in area is due to rise in of jute and to a partial failure of a cane crop. The increase in area over the preliminary forecast is due to rechecking of figures.
Nadia ...	22,421	27,282	84	86	80,579	47,973	Done	The decrease in area is due to unfavourable weather conditions at sowing and to low price of jute in preceding and to preference given to the cultivation of paddy.
Murshidabad ...	6,514	7,412	68.4	81	12,229	12,114	End of August. Late	Owing to late sowing followed by rain, the yield per acre is being normal. Heavy floods in the diara areas did considerable damage to the crop.
Jessore ...	45,879	26,661	94	61.4	186,787	26,341	End of July to August. Early.	The decrease in area as compared to the preliminary forecast is due to the Magura and Narail subdivisions some jute lands being sown as paddy. The decrease in outturn is due to stunted growth of the plants which were late and harvested early.
Khulna ...	4,341	2,341	72	74	11,422	2,322	Latter part of August. Normal.	The decrease in area is due to unfavourable weather in the sowing season and to low price of jute and high price of grain. The decrease in area below the first cut is due to damage by flood in the diara. The decrease in outturn is due to untimely rainfall and also to some rain during the latter part.
Bardwan ...	1,342	1,090	74.27	80	2,184	2,790	Last week of August	The decrease in area is due to unfavourable condition of the market and to rain at the beginning and to continued heavy showers afterwards which with the normal growth of the crop resulting in a low outturn.
Midnapore ...	5,811	6,020	64.90	24.4	11,422	7,024	September. Late	The decrease in area is due to rain at sowing time and to other floods in June and August.
Hughly ...	18,298	16,289	80	71.87	45,827	28,374	Third week of August. Normal.	The decrease in area compared with year is due to prolonged drought and consequent want of soil moisture at the time interfering with the preparation of land and sowing. Since preliminary forecast some area pointed up and sown with crops. The decrease in outturn is due to increased heavy rainfall during the growing period and for want of weeding the at proper time.
Howrah ...	4,658	2,547	85	80	12,472	6,707	Beginning of September. Late	The large decrease in area and outturn is due to unfavourable weather conditions and to damage by floods.
Bajpahal ...	44,548	44,602	79	71.42	122,427	118,180	Middle of August. Normal.	The sowing was late this year for want of rain. The continuous rain in July and August was detrimental to the growth of the crop. Some damage by heavy rain and flood is reported from New Division. Hence the outturn is at the normal.
Dinajpur ...	62,547	22,117	55	51.5	94,079	62,447	By the middle of July. Normal.	The decrease in area was due to want of drought at sowing time and to low price of jute. The outturn is below the normal owing to insufficient rainfall during the growing time and to late sowing.
Subansiri ...	26,222	22,229	80	100	60,922	116,804	Middle of August. Normal.	The increase in area is due to expansion of a better price this year. The increase in outturn is due to a favourable weather.

Langpur ...	18,255	154,564	71.97	90.31	344,395	448,720	July Normal	The increase in area is due to high price jute in the latter part of the last fin- cial year and to the fact that the cul- tivators had found at last that they had not profited by giving up the cultivation of jute. Harvesting was, however, tarded in August owing to inadequate rainfall.

The decrease in area is mainly due unfavourable weather at sowing time. But subsequent favourable conditions more or less compensated it by increased outturn.
Pabna ...	65,630	74,784	61.4	94.3	141,017	240,729	Middle of July	The increase in area is due to high price the fibre at the time of sowing. Con- tinued drought and early flood adverse affected the crop. Sufficient rainfall June and July, however, facilitated growth and substantially improved prospects.
Malla ...	7,470	6,560	44.3	47.7	11,540	10,85	By the end of August. Late.	The decrease in area is due to revuls owing to total damage by flood was mainly in Nawabganj, Shilganj, Ka- chak and Harichandrapur thanas.
								The decrease in outturn is due to unfav- ourable weather at the beginning and continuous heavy rain during the grow- ing period which prevented weed operation.
Dacca ...	140,000	120,000	79	75	410,000	365,000	July Normal	The decrease in area is due to low price jute and to prolonged drought at beginning. Where the crop was sown early, it suffered greatly for lack moisture. The rainfall was favourable in June, but the rivers rose too quick and did some damage to the crop in lying areas. The crop also suffered from insect pests in some places. Hence outturn is not satisfactory.
Mymensingh ...	332,293	224,004	80	91	947,794	946,182	End of July. Normal.	Since the end of May, the weather has been favourable.
Faridpur ...	143,000	89,000	84	72	443,300	236,200	End of July	The decrease in outturn is due to drought at sowing time and to ex- cess of rain afterwards which affected the growth of the crop. The sowing was late but harvesting early owing to flood in July.
Bakargan ...	19,412	6,540	76	57.8	54,897	18,292	July. Early	The fall in outturn is due to insuffi- cient rainfall at sowing time and to ex- cess of rain afterwards which affected the growth of the crop. The sowing was late but harvesting early owing to flood in July.
Chittagong ...	240	200	81	90	600	660	Last week of August	The crop suffered from drought at beginning but later on the weather was favourable for the growth of crop.
Tippera ...	150,000	150,000	72	82	400,000	455,100	Middle of July to August. Normal.	The increase in yield is due to favour- able weather condition after sowing.
Nonkhali ...	5,382	8,353	95	75	25,929	23,749	Middle of July to August. Normal.	The increase in area is due to rise in of jute. The outturn is below the normal owing drought at the beginning and to downpour afterwards.

## DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

### Final Forecast of the Jute Crop of Bihar and Orissa, 1922.

**NOTE**—On an average of the five years ending 1920-21, the area under jute to which the Bihar and Orissa forecast relates represents about 7.6 per cent. of the total area under jute in British India.

• **Acreage.**—The final district returns of the seven jute-growing districts of the province show an area under jute of 146,098 acres or, in round numbers, 146,100 acres, as compared with 144,600 acres reported in the preliminary forecast, 1922, and 108,400 acres last year. The increase in area sown this year is mainly in Purnea, where it is attributed to the rise in the price of jute; but actual measurement of the area in 10 per cent. of the villages in Purnea indicates that the estimate may be too high by some 20,000 acres.

**Weather conditions.**—In March, there was no rain in the jute districts, except very light showers in Cuttack. In April and May the rainfall was below the normal everywhere. In June and July the rainfall was above the normal everywhere; it was very heavy in all the jute-growing districts, except Cuttack and Balasore in June and in Cuttack in July. The rainfall in August was below the normal in Purnea and Cuttack and above the normal in the remaining districts. The season was on the whole unfavourable for the crop. The growth of the crop on low lands in Purnea was retarded on account of heavy rain in June.

• **Outturn.**—In the important districts of Purnea and Cuttack the outturn of the crop has been reported as 70 and 79 per cent., respectively. Champaran reports a crop of 98 per cent., Balasore, Muzaffarpur, Bhagalpur and the Santal Parganas report 84, 80, 66 and 60 per cent., respectively.

On the basis of the area and percentage outturn reported by the District Officers and taking three bales as the normal outturn per acre, the total gross outturn of the crop for the province this year comes to 313,423 bales or, in round numbers, 313,400 bales against 225,400 bales for last year.

The average import of raw jute into this province from Nepal during the last three years was equivalent to 77,621 bales. This figure added to the figure for the province arrived at gives a total for Bihar and Orissa of 391,044 bales or, in round numbers, 391,000 bales.

In view of the probably excessive estimate of area in Purnea, 3½ lakhs of bales is probably nearer the mark.

The weather and rainfall have not been favourable in the Bihar sub-division owing to floods and excessive rainfall. In Bihar they were favourable. The output is expected to be a little less than normal. The rainfall is normal in the Bihar sub-division. The difference between the area shown in column 7 of this forecast and that in column 7 of the first forecast is due to the result of detailed enquiry.

Microscopic and increased rains have stood to a certain extent in the way of better prospects than expected. The decrease in area as compared with the last year's area is due to the fact that on account of excessive rains much of the low lying black land was utilized for paddy.

Owing to heavy rainfall at Kharagpur the growth of the crop was retarded on low lands. So also the case in some parts of the Bihar sub-division. The weather and rainfall were favourable for the crop at Amara and on the whole a fair return is expected. The increase in area is due to the fact that the price of jute.

The whole crop on the area (100 acres) shown at Patna was destroyed, being under water on account of heavy rains. In Rajmahal also the area shown in 200 acres was destroyed. In last year, but the field is expected to be the same as in the last year. The decrease in the total field as compared with that of last year is due to the fact that the yield at Patna is reported to be nil.

The weather and rainfall were generally favourable to the growth of the crop. The increase in area under the crop is shown by the Kharagpur sub-division. The entire area under this crop had not been sown when the first forecast was submitted.

The output of this year is less than that of last year owing to the early and consequent start of growth of the plants.

DARJEELING, THE 18TH SEPTEMBER 1922.

#### RESOLUTION—No. 169T.—IND.

**Minister in charge : The Hon'ble Nawab Salyid Nawab Ali Chaudhuri, Khan Bahadur, C.I.E.**

IN 1913 a Joint Committee for the two provinces of Bengal and Bihar and Orissa was appointed under the presidency of Mr. (now Sir Duncan) Macpherson to advise on the question of Mining Education in the coal-fields. The Committee submitted a detailed scheme for the establishment of a School of Mines at Dhanbad. They also recommended the improvement and development of the existing evening classes which are conducted by part-time lecturers in mining centres and their continuance independently even after the establishment of the School of Mines. In place of the existing part-time lecturers they recommended that a permanent staff of properly trained and qualified teachers should be appointed and drew up two alternative schemes, one for a course extending over five years which would produce first-class mine managers, and the other for a course limited to three years which would turn out second-class mine managers.

2. The Government of India have taken up the question of the establishment of a School of Mines and Geology at Dhanbad. A joint scheme for the improvement of the evening classes in the mining centres of the two provinces of Bengal and Bihar and Orissa was prepared, but the scheme fell through, and the Government of Bengal decided to take up separately for the two mining centres in this province the less costly scheme for a three years' course, suggested by the Macpherson Committee, to meet the requirements of those desiring to appear at the examination for the second-class colliery managers' certificates. The Mining Education Advisory Board was accordingly asked to submit, for the approval of Government, a complete scheme with details as to the nature and scope of the classes, and representatives of the mining industry were consulted as to their willingness to co-operate in the scheme. The Indian Mining Association and the Indian Mining Federation approved of the scheme and intimated their willingness to contribute Rs. 4,000 and Rs. 1,500, respectively, or Rs. 5,500 in all, towards the annual cost.

3. The scheme prepared by the Mining Education Advisory Board involved the construction of two lecture-halls at Raniganj and Sitarampore, quarters for the Mining Instructor at Asansol, two quarters for the Assistants, one at Raniganj and the other at Sitarampore, and furniture for the two lecture-halls, at a total estimated cost of about Rs. 70,000. Some of the buildings are already under construction, and it is proposed to start the classes there from the current month.

4. The staff for the evening classes consists of a Mining Instructor on a pay of Rs. 1,900—50—1,200 and of two Assistant Lecturers on a pay of Rs. 150—10—250 each, with free quarters, or house-rent in lieu thereof, and of one peon and two chaukidars at Rs. 13—1—17 each per mensem. The total cost, including travelling and conveyance allowances, contingencies and repair charges of the buildings, is estimated at about Rs. 27,000 per annum. Steps will be taken at once for the recruitment of the staff.

5. The session will extend over about nine months, each class being held twice a week at each centre.

6. Students will be admitted at any stage of the three years' course at the discretion of the Lecturer, but no certificate will be granted to any candidate unless he has completed the second and third year courses successfully.

The curriculum will be as follows :—

*I.—First-year course.*

(1) Mathematics—

Arithmetic and Algebra.  
Mensuration and Use of Squared Paper.  
Trigonometry.

(2) Elementary Science—

Physics and Chemistry.

*II.—Second-year course.*

(1) Elementary Mechanics.

(2) Mechanical Drawing.

(3) Elementary Mining and Surveying.

*III.—Third-year course.*

(1) Mining and Geology.

(2) Mechanical and Electrical Engineering.

By order of the Government of Bengal.

(Ministry of Agriculture and Industries).

J. A. L. SWAN.

*Secretary to the Government of Bengal.*

The following tables are intended to show the trade by all routes, by rail, river, road, and sea, of the Calcutta block\* in comparison with the corresponding periods of 1921 and 1922. The statistics have been compiled from returns furnished by the Collector of Calcutta, Railway Audit Office, Sugar Companies, the Commissionaire and the Port of Calcutta, the Collectors of the 24 Parganas and Howrah, and the Assistant Commissioner, Calcutta Canal.

**Imports.**—The imports of rice, including paddy†, into Calcutta\* by rail, river, road, and sea (coastwise) during the four months, April to July, 1922, amounted to 5,854,000 maunds as against 5,256,000 maunds in the corresponding period of the preceding year,—a decrease of 402,000 maunds or 4 per cent. There was also a decrease of 25 per cent in the imports of coal and coke (31,161,000 maunds as against 60,278,000 maunds a year ago). The value of the imports by rail, river, road, and sea (coastwise) of Indian cotton piece-goods showed an increase of 32 per cent, the total value amounting to Rs. 2.54 lakhs as against Rs. 2.88 lakhs in 1921. The quantity of indigo imported during the four months, April to July, 1922, increased from 156 maunds last year to 212 maunds. The imports of raw jute amounted to 935,000 bales as against 732,000 bales,—an increase of 102,000 bales or 24 per cent. The importation of gunny bags, on the other hand, showed a decrease of 5 million bags (84 million bags against 89 millions in the preceding year). The total imports of oilseeds (linseed and rape and mustard seed) increased by 553,000 maunds, or 62 per cent, from 2,476,000 maunds to 3,029,000 maunds, but those of sugar declined by 50,000 maunds, or 22 per cent, from 224,000 maunds to 174,000 maunds. The imports of tea increased from 528,000 maunds to 562,000 maunds or 11 per cent.

**Exports.**—The value of the exports of cotton piece-goods, foreign, from Calcutta\* by all routes during the four months, April to July, 1922, increased by 10 per cent from Rs. 7.73 lakhs to Rs. 7.95 lakhs. The exports of gunny bags (including the exports by sea to foreign countries) decreased from 321 million to 306 million bags, and the shipment of gunny bags to other Indian ports decreased from 21 to 16 millions in number in the period under review. The quantity of kerosene oil despatched from Calcutta and Burdwan by internal routes and by sea (coastwise) showed a decrease of 97,000 maunds or 10 per cent, from 2,040,000 maunds to 1,943,000 maunds.

\* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Dock.

† One maund of paddy is equivalent to 25 seers of rice.
